SUMMARY ANALYSIS

Current law does not permit a state building, road, bridge, park, recreation complex, or similar facility to be named after a living person unless the name designation is approved by law. Pursuant to this requirement, if a university wishes to name a particular building or facility after a living person, the designation must be approved by the Legislature.

The bill permits the University of South Florida St. Petersburg in Pinellas County to designate the building known as Coquina Hall as "H. William Heller Hall" and to erect suitable markers and signs acknowledging this designation. The bill takes effect upon the effective date of the retirement or resignation of H. William Heller from, or the termination of H. William Heller's employment with, the University of South Florida St. Petersburg.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Section 267.062, F.S., provides that no state building, road, bridge, park, recreational complex, or similar facility can be named after a living person unless approved by law. Therefore, if a university wishes to name a particular building or facility after a living person, the designation must be approved by the Legislature.

A section-by-section analysis of the bill follows. The biographical information was provided by the University of South Florida St. Petersburg.

Section 1: The bill designates the building known as Coquina Hall at the University of South Florida St. Petersburg in Pinellas County as "H. William Heller Hall." Coquina Hall currently houses the College of Education. The bill directs the University of South Florida St. Petersburg to erect suitable markers and signs acknowledging the designation.

H. William Heller is a professor at the University of South Florida St. Petersburg. A former Vice President of the St. Petersburg campus, Dr. Heller joined the staff of the University of South Florida in 1992. Since that time, he has been awarded more than \$18 million in grants and contracts and is currently responsible for directing, as principle investigator, projects funded in excess of \$1 million.

Dr. Heller has been awarded the Presidential Citation for Exemplary Performance as Vice-Chairman of the White House Conference on Handicapped Individuals as well as the Teacher Educator of the Year Award, Teaching Education Division by the Council of Exceptional Children and the Merrill Publishing Company. He was also the recipient of the 1991 E. Wallace Wallin Award by the Council for Exceptional Children. This award, the highest honor bestowed by the Council, is predicated on excellence in leadership, service, and accomplishments in the education of children with exceptionalities. He has been awarded the United Way Alex de Tocqueville Society Volunteer Service Award, the Outstanding Service Award by the U.S. Air Force and U.S. Department of Defense, and the Romaine Mackie Leadership Award in Special Education by the Pioneer Division of the Council for Exceptional Children. In 2002, Dr. Heller was honored by the City of St. Petersburg for a "Decade of Excellence," and August 21, 2002, was proclaimed Bill Heller Day by the City of St. Petersburg. Dr. Heller was recently nominated for the Outstanding Leadership Award in Special Education by the Council for Exceptional Children; the recipient will be announced in April 2006. In addition, Dr. Heller was selected by faculty to become the first recipient of the Excellence in Professional Service Award from the University of South Florida St. Petersburg.

Dr. Heller has served in leadership roles with the Council for Exceptional Children, the American Association for Mental Retardation, the National Board for Professional Teaching Standards, the American Association for Colleges for Teacher Education, and the National Council for Accreditation of Teacher Education. He served two terms as the head of the Faculty Council for the St. Petersburg campus and was selected by the administration to chair the committee to revise the University of South Florida St. Petersburg Strategic Plan. His professional contributions include more than 350 presentations and publications.

Section 2: Provides an effective date of retirement or resignation of H. William Heller from, or the termination of H. William Heller's employment with, the University of South Florida St. Petersburg.

C. SECTION DIRECTORY:

This bill does not create, repeal, or amend any statutory sections. Please refer to Effect of Proposed Changes for a section by section analysis of the bill.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

SUMMARY ANALYSIS

This bill provides that a district school board sponsor of a charter school will not be held liable for civil damages for actions or omissions committed by the charter school's governing board, its officers, or employees.

This bill also provides that the sponsor's duty to monitor a charter school may not be used as the basis for a lawsuit against the sponsor. However, a school district sponsor remains subject to tort liability for acts or omissions under the sponsor's direct authority. This bill further insulates a school district from assumption of contractual debts of the charter school to cover all contracts made between the charter school governing body and a third party.

This bill does not appear to have a fiscal impact on state or local governments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government -- This bill reduces the contractual liability of school district sponsors for the contracts of charter schools.

B. EFFECT OF PROPOSED CHANGES:

Background

Charter schools are public schools that operate under a performance contract, or a "charter," entered into with a sponsoring school district. The charter school statute (s. 1002.33, F.S.) frees a charter school from many regulations created for traditional public schools while holding such a charter school accountable for academic and financial results.

Current Law

School Board Sponsor Liability

Section 1002.33, F.S. is silent with respect to whether a sponsor school district can be held liable for the acts and omissions of charter schools or their agents, employees or governing board. In *P.J. v. Gordon*, the United States District Court for the Southern District of Florida ruled that the school board's statutory responsibilities for approving the school's charter and monitoring its implementation do not subject it to civil liability for actions and omissions relating to the day-to-day management of the charter school.¹ The court noted the district sponsor's statutory duties involve ensuring academic accountability, monitoring revenues and expenditures, and approving and monitoring the provisions of the charter agreement. The court specifically ruled that s.1002.33, F.S. imposes no duty on the school board sponsor to monitor or supervise the hiring, training or supervision of the charter school's employees or to ensure that the charter school maintains adequate procedures for ensuring the safety and welfare of its students.²

Sovereign Immunity

"Article X, section 13 of the Florida Constitution provides 'absolute immunity for the state and its agencies absent waiver by legislative enactment or a constitutional amendment.'"³ Section 768.28(5), F.S., provides a limited waiver of the state's sovereign immunity by making the state and its agencies and subdivisions liable for tort claims in the same manner and to the same extent as a private individual under the circumstances. Florida's Fourth District Court of Appeal recently affirmed that certain discretionary, planning-level decisions of a school board remain immune from tort liability.⁴

Contract Liability

In the event of a non-renewal or termination of a charter, s. 1002.33, F.S. currently prevents a district from assuming any of the charter school's debts for service contracts, except where the district and the

charter school governing board previously agreed in detail in writing that the district would assume the debt.

Effect of Bill

This bill codifies the court's ruling in *P.J.* with regard to the district's immunity from suit for day-to-day operations (acts and omissions) of a charter school as well as employment actions of a charter school. The bill further provides the district with protection from any private cause of action based on the monitoring responsibilities of the district with regard to any charter school it sponsors.

In the context of charter schools, to the extent a sponsor school district's monitoring duties may be properly characterized as "discretionary" or "planning-level," they may already be immune from tort liability under the doctrine of sovereign immunity. The bill serves as legislative intent *not* to waive sovereign immunity for such duties.

This bill expands the contract limitation to include all contractual debts of the charter school, not just those for services. Finally, the bill includes a provision that school district sponsors remain subject to liability for acts or omissions under the sponsor's direct authority as described in s. 1002.33, F.S.

C. SECTION DIRECTORY:

Section 1, amends s. 1022.33, F.S. relating to charter schools.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

Access to Courts

Article I, section 21 of the Florida Constitution provides: "The courts shall be open to every person for redress of any injury, and justice shall be administered without sale, denial or delay."⁵ In *Kluger v. White*,⁶ the Florida Supreme Court held that where a right to access the courts for redress for a particular injury predates the adoption of the access to courts provision in the 1968 state constitution, the Legislature cannot abolish the right without providing a reasonable alternative unless the Legislature can show an overpowering public necessity to abolish the right and no alternative method of meeting such public necessity.⁷

Based on the ruling by the court in *P.J. v. Gordon* it does not appear that a person has a cause of action to sue a school board for the torts of a charter school. To the extent that this bill merely codifies existing law, it may not implicate the access to court provision.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On March 7, 2006, the Choice and Innovation Committee adopted one amendment and reported the bill favorably with a Committee Substitute (CS). The amendment narrowed the scope of the expression of intent not to waive sovereign immunity.

CHAMBER ACTION

The Choice & Innovation Committee recommends the following:

Council/Committee Substitute

Remove the entire bill and insert:

A bill to be entitled

An act relating to charter schools; amending s. 1002.33, F.S.; providing that the sponsor of a charter school shall not be liable for civil damages for certain actions; providing that the duty to monitor a charter school shall not be the basis for a private cause of action; prescribing limits on immunities of a charter school sponsor; expanding a school district's immunity from assumption of contractual debts; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (5) and paragraph (f) of subsection (8) of section 1002.33, Florida Statutes, are amended to read:

1002.33 Charter schools.--

(5) SPONSOR; DUTIES.--

(b) Sponsor duties.--

HB 135

2006
CS

24 1.a. The sponsor shall monitor and review the charter
25 school in its progress toward the goals established in the
26 charter.

27 b.2- The sponsor shall monitor the revenues and
28 expenditures of the charter school.

29 c.3- The sponsor may approve a charter for a charter
30 school before the applicant has secured space, equipment, or
31 personnel, if the applicant indicates approval is necessary for
32 it to raise working capital.

33 d.4- The sponsor's policies shall not apply to a charter
34 school.

35 e.5- The sponsor shall ensure that the charter is
36 innovative and consistent with the state education goals
37 established by s. 1000.03(5).

38 f.6- The sponsor shall ensure that the charter school
39 participates in the state's education accountability system. If
40 a charter school falls short of performance measures included in
41 the approved charter, the sponsor shall report such shortcomings
42 to the Department of Education.

43 g. The sponsor shall not be liable for civil damages under
44 state law for personal injury, property damage, or death
45 resulting from an act or omission of an officer, employee,
46 agent, or governing body of the charter school.

47 h. The sponsor shall not be liable for civil damages under
48 state law for any employment actions taken by an officer,
49 employee, agent, or governing body of the charter school.

50 i. The sponsor's duties to monitor the charter school
51 shall not constitute the basis for a private cause of action.

HB 135

2006
CS

2. Immunity for the sponsor of a charter school under subparagraph 1. applies only with respect to acts or omissions not under the sponsor's direct authority as described in this section.

3. Nothing contained in this paragraph shall be considered a waiver of sovereign immunity by a district school board.

A community college may work with the school district or school districts in its designated service area to develop charter schools that offer secondary education. These charter schools must include an option for students to receive an associate degree upon high school graduation. District school boards shall cooperate with and assist the community college on the charter application. Community college applications for charter schools are not subject to the time deadlines outlined in subsection (6) and may be approved by the district school board at any time during the year. Community colleges shall not report FTE for any students who receive FTE funding through the Florida Education Finance Program.

(8) CAUSES FOR NONRENEWAL OR TERMINATION OF CHARTER.--

(f) If a charter is not renewed or is terminated, the charter school is responsible for all debts of the charter school. The district may not assume the debt from any contract ~~for services~~ made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the district.

SUMMARY ANALYSIS

The bill removes a restriction on the types of postsecondary educational institutions at which a qualified beneficiary may use his or her benefits under the Florida Prepaid College Program (Florida Prepaid). The bill deletes the requirement that an accredited independent college or university in the state of Florida be not-for-profit in order to be eligible for the transfer of benefits.

The bill appears to have no fiscal impact on state or local government and a positive fiscal impact on the private sector. See the FISCAL ANALYSIS section for further details.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Safeguard individual liberty- The bill removes the restriction that an accredited independent college or university in the state of Florida be not-for-profit to be eligible for the transfer of benefits, thereby expanding the number of choices available to beneficiaries of the Florida Prepaid College Plan.

B. EFFECT OF PROPOSED CHANGES:

Background

The Florida Prepaid College Program (Florida Prepaid) is a state program created to encourage families to save for the expenses of higher education. It was established in 1987 to allow Florida residents to pay the cost of higher education in advance at a fixed level and with statutory state guarantee.¹

The program allows the purchaser to establish an account for a beneficiary (the student) and to lock in the future cost of a two-year community college program, a four-year university program, or a combination of two years of each. Local fee and dormitory plans may be purchased in addition to the tuition plans. Account holders may make lump sum or periodic payments. Prices are based on the beneficiary's age and actuarial assumptions about rates of tuition, fee, and dormitory cost inflation and investment return.²

Florida Prepaid is the largest program of its type in the nation. As of June 2005, the program has sold 1,052,080 contracts.³ Florida Prepaid is administered by the Florida Prepaid College Board (the Board), which is administratively housed in the State Board of Administration (SBA). The SBA provides administrative and investment services and approves the Board's Comprehensive Investment Strategy. Otherwise, the Board operates independently.⁴

Currently, a qualified beneficiary may apply the benefits of an advance payment contract toward:

- An independent college or university that is located and chartered in Florida that is not-for-profit, that is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) or the Accrediting Council for Independent Colleges and Schools (ACICS), and that confers degrees in accordance with s. 1005.02, F.S.;
- An out-of-state college or university that is not-for-profit and is accredited by a regional accrediting association and that confers degrees; or
- An applied technology diploma program or career certificate program conducted by a community college listed in s. 1004.02(2), F.S., or a career center operated by a district school board.

Effect of Proposed Changes

The bill removes the requirement that an accredited independent college or university in the state of Florida be not-for-profit to be eligible for the transfer of Florida Prepaid benefits. The not-for-profit requirement remains in effect for out-of-state colleges and universities.

According to Department of Education and Florida Prepaid representatives, removing the not-for-profit requirement would make at least 17 additional institutions eligible for the transfer of benefits.

SUMMARY ANALYSIS

This bill designates the Florida Center for Solid and Hazardous Waste Management as the "William W. 'Bill' Hinkley Center for Solid and Hazardous Waste Management" and directs the Department of Environmental Protection, in coordination with the University of Florida and the University of Florida Foundation, to erect suitable markers acknowledging the designation. The bill provides an effective date of July 1, 2006.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

A section-by-section analysis of the bill follows. The biographical information was provided by the sponsor of the proposed designation.

Section 1: The bill designates the Florida Center for Solid and Hazardous Waste Management (FCSHWM) as the "William W. 'Bill' Hinkley Center for Solid and Hazardous Waste Management." The Department of Environmental Protection, in coordination with the University of Florida and the University of Florida Foundation, is directed to erect suitable markers reflecting this designation.

The FCSHWM was created by the Legislature in 1988 as a Type I center to coordinate research, training, and service activities related to waste management.¹ The center is responsible for coordinating research efforts at Florida's universities, providing information and technical assistance to government, business, and industry, and fulfilling public needs in the area of waste management.² The center is housed at the University of Florida in Gainesville.

The FCSHWM works closely with 9 universities in an effort to fulfill their two major objectives: 1) to develop and test innovative, low-cost, and environmentally sound methods to manage solid and hazardous waste; and 2) to present research results to public and private sectors to develop practical solutions for waste management problems. The center also has a strong research relationship with the Department of Environmental Protection (DEP).

William W. "Bill" Hinkley was employed at the DEP for almost thirty years, serving most recently as the Chief of the Bureau of Solid and Hazardous Waste. A champion of environmental protection, he was responsible for the drafting and enactment of the 1988 Solid Waste Management Act, the growth of the Florida recycling program, and the development of several regulations governing hazardous waste.

Mr. Hinkley was also involved in several national activities aimed at environmental protection, including the U.S. Environmental Protection Agency, the Energy Research Advisory Board of the U.S. Department of Energy, and the National Recycling Coalition.

For his dedication to environmental protection, Mr. Hinkley earned many awards and recognitions. In 2004, he became an honorary member of the Solid Waste Association of America (SWANA). He also earned such honors as being named the Conservationist of the Year by the Florida Wildlife Federation, receiving the Outstanding Contribution Award from SWANA, and receiving a Special Recognition Award from Keep Florida Beautiful, Inc. Mr. Hinkley was also highly regarded among his peers and colleagues, being recognized for Sustained Exemplary Performance in 1999 and being named the DEP Employee of the Year in 2001.

Bill Hinkley passed away on September 12, 2005.

SUMMARY ANALYSIS

This bill creates a program to offer computers and broadband Internet access at a discounted price to students enrolled in grades 5 through 12. The program requires the Department of Education (DOE) to negotiate with computer manufacturers and nonprofit corporations that obtain reconditioned computer hardware over the prices, hardware and software packages, warranties, and internet access packages. The bill directs the State Board of Education to make rules regarding implementation of the program.

The bill also creates a pilot project to be implemented by the Digital Divide Council in consultation with DOE to assist low-income students in purchasing discounted computers and Internet access services as negotiated by the DOE. The pilot project is to be funded in an amount determined by the General Appropriations Act, and the Digital Divide Council may accept additional grants from public and private sources to implement the project.

The fiscal impact of the bill would be determined in the General Appropriations Act. See the FISCAL COMMENTS section of the analysis.

The bill states that it shall take effect July 1, 2006.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government – This bill grants rulemaking authority to the State Board of Education to implement the discounted computers and internet program.

Empower Families – This bill benefits parents of public school students in grades 5 through 12 by providing them with an option to purchase discounted computers and internet packages negotiated by the Department of Education (DOE).

B. EFFECT OF PROPOSED CHANGES:

The 2005-2006 fiscal year budget provided \$49.9 million for public school technology, which is allocated to districts on a per-student basis. Districts use the funds for a number of technology needs and initiatives. Currently, there is no statewide program that provides students with discounted computers and internet access or that provides assistance to low-income students for the purchase of a computer and internet access.

This bill requires DOE to negotiate with computer manufacturers and with nonprofit corporations that obtain reconditioned computer hardware concerning prices of discounted computers and accessories, specialized software and hardware packages, and warranties. Also, the DOE is required to negotiate with broadband Internet access providers the prices of broadband Internet access packages and with non-broadband internet access providers in areas where broadband internet access is unavailable.

The bill requires the State Board of Education to adopt rules that provide for the integration of computer or technical training to students, the notification to parents of the discounted computer and Internet access choices available, the distribution of eligibility certificates, the locations where the discounted computers and Internet services are available, and how students may obtain and pay for the equipment and services.

The bill also creates a pilot project to be implemented by the Digital Divide Council in consultation with the DOE.¹ The bill creates this program to assist low-income students to purchase the discounted computers and Internet access services as negotiated by the DOE. The Digital Divide Council is required to identify the counties, grade levels, and low-income eligibility criteria for participation in the pilot project. The bill provides that the pilot project shall be funded through the General Appropriations Act and that the Digital Divide Council may accept grants from additional public and private sources to implement the project.

C. SECTION DIRECTORY:

Section 1: Creates an unnumbered section of law to establish a program to offer computers and internet access to students at a discounted price.

Section 2: Creates an unnumbered section of law to establish a pilot project to provide computers and internet access to low-income students at a discounted price. References funding provided in the General Appropriations Act.

¹ The Digital Divide Council was established by the 2001 Legislature and was created within the State Technology Office (STO). The STO was abolished in the 2005 Legislature Session; however, the Council is presently reorganizing under new council membership and will focus much of its future work on the coordination of multiple initiatives and funding streams from local and state organizations to impact technology literacy, accessibility, and learning for struggling and low income students and their families. *Senate Staff Analysis and Economic Impact Statement: SB 502, prepared by the Education Committee, 2006.*

Section 3: Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

See FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill may create an opportunity for parent-consumers to purchase computers and Internet services that would not otherwise exist. The manufacturers and non-profit organizations providing the computers may make sales to parent-consumers that would not otherwise have taken place.

D. FISCAL COMMENTS:

There will be an increase in state government expenditures to the extent the program and pilot project are funded by the General Appropriations Act (GAA). The House proposed General Appropriations Act (House Bill 5001, Specific Appropriation 138) contains \$1.7 million for Santa Fe Community College to implement a Rural and Urban Technology Initiative in a manner similar to the provisions of this bill.

There may be an indeterminate cost to the Department of Education for the costs associated with organizing the program, negotiating prices with computer manufacturers and internet service providers, and providing computer and technical training to students.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a municipality or county to spend funds or to take any action requiring the expenditure of funds.

This bill does not reduce the authority of counties or municipalities to raise revenues.

This bill does not reduce the percentage of a state tax shared with cities and counties.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill requires the State Board of Education to adopt rules regarding integration of the pilot program into training students at the district level. It also directs the State Board of Education to make rules on notifying parents of the discounted computer and Internet access choices available, the distribution of eligibility certificates to students, and how and where computers and internet access service will be made available for purchase.

SUMMARY ANALYSIS

HB 795 creates the First Generation Matching Grants Program (program). The program is created to enable each state university and community college to provide donors with a matching grant incentive for contributions that will create grant-based student financial aid for undergraduate students who demonstrate financial need and whose parents have not earned a baccalaureate degree. The bill requires that applicants meet certain eligibility requirements to be eligible to receive a grant.

The bill requires appropriated funds for the program to be allocated by the Office of Student Financial Assistance (OSFA) to match private contributions on a dollar-for-dollar basis. The bill requires that 50 percent of the allocated funds be reserved for state universities and the remaining 50 percent for community colleges. Within this allocation, OSFA must reserve a proportionate allocation for each state university and community college on the basis of full-time equivalent enrollments. Funds that remain unmatched as of December 1 must be reallocated to state universities and community colleges that have remaining unmatched private contributions for the program on the basis of full-time equivalent enrollments.

Each participating state university and community college is required to establish an application process, determine student eligibility for initial and renewal awards in conformance with the eligibility requirements each applicant must fulfill, identify the amount awarded to each recipient, and notify recipients of the amount of their awards. The bill also requires annual reports by each participating institution.

This bill also revises provisions relating to the determination of a student's residency status for tuition purposes by extending residency status to any student, other than a nonimmigrant alien within the meaning of federal law, who meets the following criteria:

- Has resided in Florida with a parent for at least 3 consecutive years immediately preceding the date the student received a high school diploma or its equivalent.
- Has attended a Florida high school for at least 3 consecutive years during such time.
- Has filed an affidavit with the institution of higher education stating that the student has filed an application to legalize his or her immigration status or will file such application as soon as he or she is eligible to do so.

The House Proposed General Appropriations Bill (House Bill 5001, Specific Appropriation 79) provides an appropriation of \$14,000,000 for the program.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government—The bill creates the First Generation Matching Grant Program to provide financial aid to undergraduate students with financial need whose parents have not earned college degrees. In creating this program, the bill provides duties of state universities and community colleges participating in the program.

Safeguard individual liberty—The bill provides for grants to be awarded to eligible applicants to cover the annual cost of attendance at a state university or community college. Recipients of this grant have the ability to attend a state university or community college where previously this may not have been possible.

Empower families—The bill provides for grants to be awarded to eligible applicants to cover the annual cost of attendance at a state university or community college. This may benefit families who do not have the financial means to send a family member to college if a family member is awarded a grant under this program. The bill expands the categories of students who may be classified as residents for tuition purposes. Those who previously could not afford a post-secondary education may now be eligible for in-state tuition, providing a more affordable education.

B. EFFECT OF PROPOSED CHANGES:

Background

On January 11, 2006 Governor Bush announced his Access and Diversity Initiative (Initiative). According to the Governor's January 11th Press Release, the purpose of the Initiative is to provide incentives to traditionally underrepresented students seeking an education in Florida's state university system. The Initiative includes recommendations by the Governor for increased funding for need based financial aid, the creation of a new scholarship program titled the First Generation Matching Grants, and the creation of an Access and Diversity Commission (Commission).

In addition to the announcement of the Initiative, the Governor also signed Executive Order 06-05 creating the 17-member Commission. The Executive Order provides for the Commission to meet in conjunction with the Student Affairs Committee of the Florida Board of Governors to evaluate issues surrounding disadvantaged and traditionally underrepresented students and advocate and make recommendations concerning the following:

- Specific accountability and performance measures regarding traditionally underrepresented and economically disadvantaged students for the Board of Governors and state universities to include in their strategic plans or performance evaluations.
- Need-based financial aid: Enhanced public and private need-based aid and financial assistance and, specifically, increased funding for Florida Student Assistance Grants (FSAG).
 - According to the Governor's Press Release, the Governor plans to recommend a \$35.8 million increase in need-based funding through FSAG and will also recommend an additional \$1.1 million in funding for need-based financial aid at Florida's four Historically Black Colleges and Universities.
- College Board Partnership: Additional funding for the College Board Partnership to expand services that enhance student college readiness for traditionally underrepresented students. Services include AP, PSAT and SAT teacher training; college admission test preparation; SAT

preparation; tutoring programs to help students transition into college and family information on colleges.

- According to the Governor's Press Release, the Governor plans to recommend an increase in funding for the state's partnership with the College Board from \$7.1 million to \$10.1 million.
- Stanley Tate Project STARS SCHOLARSHIP Program: Additional funding for the STARS Program, which provides prepaid scholarships for at-risk, low-income students who remain drug and crime-free, stay in school and work with a mentor.
 - According to the Governor's Press Release, the Governor plans to recommend an increase in funding for this program by \$4 million, for a total of \$10 million. These state funds combined with private donations will provide an additional 2,090 scholarships, which pay for tuition at state universities and community colleges.
- College Reach-Out Program (CROP): Increased funding for CROP to provide additional after-school and weekend counseling and tutorial services, to increase participation in AP classes, to provide transportation to classes for dually enrolled students, and to purchase computers to provide increased access to the Florida Virtual School.
 - According to the Governor's Press Release, the Governor will recommend a \$1 million increase in funding for the CROP program. The funding will expand counseling and tutorial services, serving an additional 1,654 individuals, for a total of 10,200 students. It will also help expand after-school and Saturday programs, provide transportation to classes for dually enrolled students and assist in the purchase of computers to provide access to the Florida Virtual School across the 38 CROP post-secondary institutions.
- First Generation Matching Grants: The establishment of this program will provide scholarships to full-time students who are Florida residents, are the first in their families to attend college, and have demonstrated a financial need.
 - According to the Governor's Press Release, this \$6.5 million program will provide a dollar-for-dollar match for private donations to state universities
- University Presidents' Focus on Achievement Mentoring Partnership: Expanding mentoring to target low income middle school students and matching them with local campus compact mentors trained by Volunteer Florida Foundation. The purpose is to encourage economically disadvantaged and traditionally underrepresented students to pursue post-secondary goals and prepare these students for state university enrollment.

Executive Order 06-05 requires the Commission to present a Final Report on its findings and recommendations to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors by June 30, 2006. At such time the Commission will also disband.

Residency

Current law designates certain categories of persons as residents for tuition purposes, such as active duty members of the Armed Services of the U.S. residing or stationed in Florida and their dependents, U.S. citizens living on the Isthmus of Panama who have completed 12 consecutive months of college work at the FSU Panama Canal Branch and their dependents, and active duty members of a foreign nation's military who are serving as liaison officers and are residing or stationed in this state and their dependents.¹

¹ Section 1009.21(10), F.S.

Undocumented aliens, with certain exceptions as provided in federal law, may not establish legal residence in the state for tuition purposes because their residency in the state is in violation of federal law, as they have not been properly admitted into the United States.² Undocumented aliens are accordingly classified as nonresidents for tuition purposes. Many of these undocumented aliens attend Florida high schools and obtain a high school diploma or the equivalent, as the state may not bar these individuals from attending elementary, middle, or secondary schools.³ Due to the increased cost of attending a public post-secondary institution as a nonresident, these students may not be able to pursue their education at the post-secondary level.

Nonimmigrant aliens, as defined in 8 U.S.C. s. 1101(a)(15), are aliens lawfully admitted into the U.S. but whose duration of stay is set forth in the applicable visa under which admittance is granted. These classes include, among others, foreign diplomats and their dependents, temporary business or tourist visitors, crew of merchant vessels and civil aircraft, and foreign students having *bona fide* residences abroad that they do not intend to abandon. Most nonimmigrant visas, but not all, require the holder of the visa to intend to return to the nonimmigrant's country of residence upon termination of the visa. Students under an F-1 visa or an M-1 visa are required to intend to return to their country of residence. If a nonimmigrant stays beyond the limitations of the visa, the nonimmigrant is no longer lawfully within the U.S. and may be subject to deportation.⁴

Effect of Proposed Changes

The bill creates the First Generation Matching Grant Program (program), one of the seven initiatives addressed by the Governor's Executive Order. The program is created to enable each state university and community college to provide donors with a matching grant incentive for contributions that will create grant-based student financial aid for undergraduate students who demonstrate financial need and whose parents have not earned a baccalaureate degree.

The bill requires appropriated funds for the program to be allocated by the Office of Student Financial Assistance (OSFA) to match private contributions on a dollar-for-dollar basis. Matching funds must be generated through contributions pledged for the purpose of this program and not for any other state matching program. Pledged contributions are not eligible for matching prior to the actual collection of the total funds. The bill requires that 50 percent of the allocated funds be reserved for state universities and the remaining 50 percent for community colleges. Within this allocation, OSFA must reserve a proportionate allocation for each state university and community college on the basis of full-time equivalent enrollments. Funds that remain unmatched as of December 1 must be reallocated to state universities and community colleges that have remaining unmatched private contributions for the program on the basis of full-time equivalent enrollments.

The bill provides that payment of the state matching grant is to be transmitted to the president of each participating institution or his or her representative in advance of the student registration period.

Each participating state university and community college must establish an application process, determine student eligibility for initial and renewal awards in conformance with the eligibility requirements each applicant must meet, identify the amount awarded to each recipient, and notify recipients of the amount of their awards.

In order to be eligible to receive a grant from this program, the bill requires an applicant to:

- Be a resident for tuition purposes pursuant to s. 1009.21, F.S.
- Be a first-generation college student. For the purposes of this program, a student is considered "first-generation" if neither of the student's parents, as defined in s. 1009.21(1), F.S., earned a college degree at the baccalaureate level or higher.
- Be accepted at a state university or community college.

² Most undocumented aliens, absent a change in federal law or a grant of amnesty, would not qualify for permanent residency.

³ See *Plyler v. Doe*, 457 U.S. 202, 102 S. Ct. 2382, 72 L.Ed.2d 786 (1982).

⁴ See <http://uscis.gov/graphics/services/tempbenefits/index.htm>, U.S. Citizenship and Immigration Services, Temporary Visitors.

- Be enrolled for a minimum of six credit hours per term as a degree-seeking undergraduate student.
- Have demonstrated financial need by completing the Free Application for Federal Student Aid.

The bill requires that the award amount be based on the student's need assessment after any scholarship or grant aid, including, but not limited to, a Pell Grant or a Bright Futures award, has been applied. No award may exceed the institution's estimated annual cost of attendance for comparable undergraduate students attending the institution.

Each participating institution must report the eligible students to whom grant moneys are dispersed each academic term to OSFA by the date they establish. Institutions are also required to certify the amount of funds disbursed to each student and remit undisbursed funds to OSFA by June 1 of each year.

The bill also requires an annual report by each participating institution to be submitted to the Executive Office of the Governor, the Speaker of the House of Representatives, and the President of the Senate. Each community college must also report to the State Board of Education and each state university must also report to the Board of Governors. The annual report must include eligibility requirements for recipients, the aggregate demographics of recipients, retention and graduation rates of recipients, and a delineation of funds awarded to recipients.

The bill requires that the program be implemented as specifically funded.

Residency

The bill also revises provisions relating to the determination of a student's residency status for tuition purposes by extending residency status to any student, other than a nonimmigrant alien within the meaning of federal law, who meets the following criteria:

- Has resided in Florida with a parent for at least 3 consecutive years immediately preceding the date the student received a high school diploma or its equivalent.
- Has attended a Florida high school for at least 3 consecutive years during such time.
- Has filed an affidavit with the institution of higher education stating that the student has filed an application to legalize his or her immigration status or will file such application as soon as he or she is eligible to do so.

The effective date of the bill is July 1, 2006.

C. SECTION DIRECTORY:

Section 1: Creates s. 1009.701, F.S., which creates the First Generation Matching Grant Program to provide financial aid to undergraduate students with financial need whose parents have not earned a baccalaureate degree; providing for appropriation, allocation, and distribution of funds; providing student eligibility requirements; providing the basis for the amount of awards; and providing duties of institutions participating in the program

Section 2: Amends s. 1009.21, F.S., providing an additional category within which students may be classified as residents for tuition purposes.

Section 3: Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

Please see FISCAL COMMENTS.

2. Expenditures:

Please see FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

The bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill requires matching funds; therefore, there will be an impact on the private sector as universities and community colleges will need donations to be made for this program in order to receive any funding from the state.

The bill provides for grants to be awarded to eligible applicants to cover the annual cost of attendance at a state university or community college. Recipients of this grant have the ability to attend a state university or community college where previously this may not have been possible.

In addition, students who, in the past, may have been unable to afford a post-secondary education will have expanded educational opportunities if they fall into the new category within which students may be classified as residents for tuition purposes.

D. FISCAL COMMENTS:

First Generation Matching Grant Program

The House Proposed General Appropriations Bill (House Bill 5001, Specific Appropriation 79) provides an appropriation of \$14,000,000 for the program.

Residency

Expanding the categories of students who may be classified as residents for tuition purposes may increase the number of students who enroll in state universities and community colleges because of the reduced cost to such students; therefore, these institutions may experience an increase in tuition and fee revenues. However, to the extent a student may have attended a state university or community college even if classified as an out-of-state student; an institution could experience a loss in tuition and fee revenues. Expanding the categories of students who may be classified as residents for tuition purposes could also result in the state funding more of the cost to provide instruction to such students.

The fiscal impact of the additional residency for tuition purposes category on funding required or award amount for programs such as Bright Futures, FSAG, and FRAG is indeterminate.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a city or county to spend funds or to take any action requiring the expenditure of funds.

2. Other:

The U.S. Constitution provides the Federal Government with preeminent power over the regulation of aliens within the U.S.⁵ Any state action that imposes discriminatory burdens upon the entrance or residence of aliens lawfully admitted into the U.S. conflicts with the Supremacy Clause of the U.S. Constitution.⁶ The bill specifically excludes certain nonimmigrant aliens from meeting eligibility requirements for establishing residency for tuition purposes. In *Toll v. Moreno*,⁷ a Maryland statute was struck down on Supremacy Clause concerns when the law categorically prohibited G-4 nonimmigrant aliens from acquiring in-state status for tuition purposes. G-4 nonimmigrant visa holders are not required to have intent to return to their country of residence. Unlike the Maryland law, the bill does not categorically prohibit a nonimmigrant alien from qualifying for residency; it provides only that a nonimmigrant may not qualify under the specific criteria outlined in the bill. There still remains a concern that the bill may be challenged because of the limitation on the ability of lawfully admitted nonimmigrant aliens to obtain in-state tuition status.

The bill authorizes any student to qualify for residency for tuition purposes if the student meets specified criteria. Accordingly, 8 U.S.C. s. 1623, which bars any alien who is unlawfully present in the United States from receiving any post-secondary education benefit on the basis of residence in the state unless a U.S. citizen or national is eligible for such benefit in the same amount, duration, and scope, would not be applicable.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

History of Similar Legislation in other States and the Federal Government

Nine other states have a similar law that provides students, who meet certain criteria, with an in-state tuition classification. These states are: California, Texas, New York, Utah, Washington, Illinois, Oklahoma, Kansas, and New Mexico. The laws differ slightly between the states, as some statutes offer state financial aid benefits along with the tuition classification, while other statutes are purely for tuition purposes. Currently, federal law prohibits illegal immigrant students from receiving federal loans and grants; work-study jobs are also prohibited.

After the Kansas legislation was signed into law in May 2004, a lawsuit was filed in the United States District Court of Kansas⁸ charging that the new law violated the U.S. Constitution's Equal Protection clause of the 14th Amendment⁹ and 1996 immigration laws.¹⁰ The lawsuit, the first of its kind, argued that the Kansas statute violated the federal law that prohibits states from giving public benefits to immigrants who are in the country illegally and was discriminatory to out-of-state students who pay a higher tuition rate. The plaintiffs were all students from out of state attending Kansas universities claiming that they had been denied the same in-state tuition benefits afforded to illegal immigrants. On July 5, 2005, the Court held that the students lacked standing under both the federal statute prohibiting states from offering in-state tuition to illegal aliens and the Equal Protection Clause.¹¹

A lawsuit was filed in California in December 2005, challenging 2001 state legislation that provides students, who meet certain criteria, with an in-state tuition classification. A group of out-of-state students and parents filed the class-action lawsuit against California's public university and community college systems.

A proposal in the U.S. Congress may also affect states that provide in-state tuition without regard to immigration status. The Development, Relief, and Education for Alien Minors (DREAM) Act, was first introduced in 2003 and again introduced in 2004; however, Congress recessed without taking action on

the Act. In November 2005, the DREAM Act was introduced as S. 2075, giving new life to the legislation.

The DREAM Act would enact two major changes in current law: eliminate the federal provision that discourages states from providing in-state tuition without regard to immigration status and permit some immigrant students who have grown up in the U.S. to apply for legal status.¹² If passed it would provide illegal immigrants in the U.S. the ability to sustain legal status if they graduated from high school, attended at least two years of college or spent two years in the military, and stayed out of trouble. Those students who live in the U.S. for at least five years would also be eligible for federal financial aid.¹³ The DREAM Act would permit qualified students to become temporary legal residents, putting them on a path to permanent legal status.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On March 7, 2006, the Colleges and Universities Committee adopted amendments to HB 795. The bill was reported favorably with a Committee Substitute (CS). The CS differs from the original bill in the following ways:

- Extends the First Generation Matching Grant Program to include community colleges.
- Provides for allocation of funds by the Office of Student Financial Aid instead of the Board of Governors due to the addition of community colleges.
- Requires a 50-50 split in allocated funds between the 28 community colleges and 11 state universities. Within each 50-percent allocation a proportionate allocation is reserved for each state university and community college on the basis of full-time equivalent enrollments.
- Provides for any unmatched funds as of December 1 to be reallocated to state universities and community colleges that have remaining unmatched funds.
- Removes duplicative Pell Grant eligibility requirement.
- Clarifies that any award from the program will be issued after other aid has been applied.
- Requires participating institutions to fulfill certain reporting requirements.

The CS also revises provisions relating to the determination of a student's residency status for tuition purposes by extending residency status to any student, other than a nonimmigrant alien within the meaning of federal law, who meets the following criteria:

- Has resided in Florida with a parent for at least 3 consecutive years immediately preceding the date the student received a high school diploma or its equivalent.
- Has attended a Florida high school for at least 3 consecutive years during such time.
- Has filed an affidavit with the institution of higher education stating that the student has filed an application to legalize his or her immigration status or will file such application as soon as he or she is eligible to do so.

CHAMBER ACTION

The Colleges & Universities Committee recommends the following:

Council/Committee Substitute

Remove the entire bill and insert:

A bill to be entitled

An act relating to student financial assistance; creating s. 1009.701, F.S.; creating the First Generation Matching Grant Program to provide financial aid to undergraduate students with financial need whose parents have not earned a baccalaureate degree; providing for appropriation, allocation, and distribution of funds; providing student eligibility requirements; providing the basis for the amount of awards; providing duties of institutions participating in the program; amending s. 1009.21, F.S.; providing an additional category within which students may be classified as residents for tuition purposes; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1009.701, Florida Statutes, is created to read:

1009.701 First Generation Matching Grant Program.--

HB 795

2006
CS

24 (1) The First Generation Matching Grant Program is created
25 to enable each state university and community college to provide
26 donors with a matching grant incentive for contributions that
27 will create grant-based student financial aid for undergraduate
28 students who demonstrate financial need and whose parents, as
29 defined in s. 1009.21(1), have not earned a baccalaureate
30 degree.

31 (2) Funds appropriated by the Legislature for the program
32 shall be allocated by the Office of Student Financial Assistance
33 to match private contributions on a dollar-for-dollar basis.
34 Contributions made to a state university or community college
35 and pledged for the purposes of this section are eligible for
36 state matching funds appropriated for this program and are not
37 eligible for any other state matching grant program. Pledged
38 contributions are not eligible for matching prior to the actual
39 collection of the total funds. The Office of Student Financial
40 Assistance shall reserve 50 percent of the total appropriated
41 funds for state universities and the remaining 50 percent for
42 community colleges. Within each 50-percent portion, the Office
43 of Student Financial Assistance shall reserve a proportionate
44 allocation for each state university and community college on
45 the basis of full-time equivalent enrollments. Funds that remain
46 unmatched as of December 1 shall be reallocated to state
47 universities and community colleges that have remaining
48 unmatched private contributions for the program on the basis of
49 full-time equivalent enrollments.

50 (3) Payment of the state matching grant shall be
51 transmitted to the president of each participating institution

HB 795

2006
CS

52 or his or her representative in advance of the student
53 registration period.

54 (4) Each participating state university and community
55 college shall establish an application process, determine
56 student eligibility for initial and renewal awards in
57 conformance with subsection (5), identify the amount awarded to
58 each recipient, and notify recipients of the amount of their
59 awards.

60 (5) In order to be eligible to receive a grant pursuant to
61 this section, an applicant shall:

62 (a) Be a resident for tuition purposes pursuant to s.
63 1009.21.

64 (b) Be a first generation college student. For the
65 purposes of this section, a student is considered "first
66 generation" if neither of the student's parents, as defined in
67 s. 1009.21(1), earned a college degree at the baccalaureate
68 level or higher.

69 (c) Be accepted at a state university or community
70 college.

71 (d) Be enrolled for a minimum of 6 credit hours per term
72 as a degree-seeking undergraduate student.

73 (e) Have demonstrated financial need by completing the
74 Free Application for Federal Student Aid.

75 (6) The award amount shall be based on the student's need
76 assessment after any scholarship or grant aid, including, but
77 not limited to, a Pell Grant or a Florida Bright Futures
78 Scholarship Program award, has been applied. No award may exceed

HB 795

2006
CS

79 the institution's estimated annual cost of attendance for
80 comparable undergraduate students attending the institution.

81 (7) Each participating institution shall report to the
82 Office of Student Financial Assistance, by the date established
83 by the office, the eligible students to whom grant moneys are
84 disbursed each academic term. Institutions shall certify to the
85 Office of Student Financial Assistance the amount of funds
86 disbursed to each student and shall remit to the office any
87 undisbursed advances by June 1 of each year.

88 (8) No later than July 1 of each year, each participating
89 institution shall report to the Executive Office of the
90 Governor, the Speaker of the House of Representatives, and the
91 President of the Senate, each community college shall report to
92 the State Board of Education, and each state university shall
93 report to the Board of Governors regarding eligibility
94 requirements for recipients, the aggregate demographics of
95 recipients, retention and graduation rates of recipients, and a
96 delineation of funds awarded to recipients.

97 (9) This section shall be implemented only as specifically
98 funded.

99 Section 2. Paragraph (1) is added to subsection (10) of
100 section 1009.21, Florida Statutes, to read:

101 1009.21 Determination of resident status for tuition
102 purposes.--Students shall be classified as residents or
103 nonresidents for the purpose of assessing tuition in community
104 colleges and state universities.

105 (10) The following persons shall be classified as

5) _____	_____	_____	_____

SUMMARY ANALYSIS

The bill creates the Florida Ready to Work Certification Program which will enhance Florida students' workplace skills to better prepare them for successful entry-level employment in specific occupations.

Florida Ready to Work Certification Programs shall be composed of:

- A comprehensive identification of workplace skills for each occupation identified for inclusion in the program by the Agency for Workforce Innovation.
- A preinstructional assessment that delineates the student's mastery level on the specific workplace skills identified for that occupation.
- A targeted instructional program limited to those identified workplace skills in which the student is not proficient. Instruction may be web based and must meet specific needs of local employers.
- A certificate and portfolio awarded to students upon successful completion of the instruction.

Florida Ready to Work Certification Programs may be conducted at public high schools, community colleges, technical centers, one-stop career centers, vocational rehabilitation centers and Department of Juvenile Justice educational facilities.

The bill requires the Department of Education (DOE) to establish institutional readiness criteria for the implementation of the Florida Ready to Work Certification Program.

The bill provides rulemaking authority to the State Board of Education, in consultation with the Agency for Workforce Innovation, for the implementation of the Florida Ready to Work Certification Program.

The House Proposed General Appropriations Bill (House Bill 5001, Specific Appropriation 132A) provides \$15,000,000 for the program for the Department of Education. No funds have been appropriated for the Agency for Workforce Innovation.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Promote personal responsibility – The bill provides students graduating from high school the opportunity to be workforce ready.

Provide limited government – The bill provides rulemaking authority to the State Board of Education and the Agency for Workforce Innovation for the implementation of the Florida Ready to Work Certification Program.

Empower families – The bill provides the opportunity for students who complete the Florida Ready to Work Certification Program to be able to obtain and sustain a job and realize economic self-sufficiency.

B. EFFECT OF PROPOSED CHANGES:

Present Situation

According to a new RAND report, *The 21st Century at Work*, rapid technological change and increased international competition place the spotlight on the skill and preparation of the workforce, particularly the ability to adapt to changing technologies and shifting product demand. The growing importance of knowledge-based work favors workers with the skills of abstract reasoning, problem solving, communication and collaboration. Knowledge workers will need high-level skills for managing, interpreting, validating, transforming, communicating and acting on information.¹

Career education (a term often interchangeably used for vocational education, workforce education, or technical education) is critically important to Florida's students and to Florida's economic development. A significant percentage of Florida's students currently leave high school without adequate preparation to enter a career or continue into a technical center, community college or university program. Of every ten 9th graders, three students drop out and three of the remaining seven do not pursue additional education; six students (60%) do not go to college. Only four out of the 10 (40%) attend college.² Reformed career education programs in the high school years would not only benefit the six students who do not attend college, but has the potential of benefiting all students.

Career Education Certification

Currently, section 1003.431, F.S., provides that a career education certification may be placed on a student's high school diploma. The certification is designed to indicate that a student is prepared for both postsecondary education without the need for remediation and that the student has marketable employment skills. The State Board of Education was given the authority to adopt rules for a standard format for the career education certification. Currently, the SBE has not adopted rules for the career education certification and no school districts offer this for high school diplomas.

Work Readiness Credential Models

National Work Readiness Credential Project

The U.S. Chamber's Center for Workforce Preparation (CWP) and the Equipped for the Future Work Readiness Credential are in the process of developing a new program which will provide an assessment-based certification that affirms that entry-level job seekers have communication, interpersonal, decision-making, and lifelong learning skills. This partnership is in response to business

¹ Education Commission of the States, January 2005. *State Strategies for Redesigning High Schools and Promoting High School to College Transitions*, p. 1.

² *Career and Professional Education: Preparing Florida's Students for the Knowledge Economy*, Council for Education Policy, Research and Improvement (CEPRI), September 2004

concerns about the difficulty in finding qualified applicants for entry-level work. National and state leaders in business, government, and labor have come together to build a national Work Readiness Credential (WRC) based on a business-defined standard of the critical skills needed by entry-level workers. Employers using the Work Readiness Credential will reduce recruitment cost, improve productivity, minimize turnover and lower on-the-job training costs by being able to confidently hire entry-level workers. The credential assessment and delivery system is currently being field tested in 6 partner states. Florida is one of those states. The program is expected to be available for broad use by chambers, businesses, one-stop centers, and education and training providers in June 2006.

WorkKeys

WorkKeys is a job skills assessment system measuring “real world” skills that employers believe are critical to job success. The abilities to learn, listen, communicate, work in teams and solve problems are important assets for any worker, regardless of career choice. WorkKeys assessments measures these abilities in three key areas:

- communication – (business writing, listening, reading for information, writing);
- problem solving – (applied mathematics, applied technology, locating information, observation); and
- interpersonal skills – (teamwork).

The WorkKeys job profiling component analyzes the skills needed for specific jobs and describes those needs to educators, students and job applicants. By comparing job profile information with an individual's scores on the WorkKeys tests, skill gaps can be identified and guide training decisions to improve the individual's WorkKeys scores. The certificates validate the WorkKeys skill levels an individual has achieved. Several states are developing WorkKeys readiness certificates to help individuals document their skills for potential employers.

Effect of Proposed Changes

HB 801 CS creates the Florida Ready to Work Certification Program which will enhance Florida students' workplace skills to better prepare them for successful entry-level employment in specific occupations.

Florida Ready to Work Certification Programs shall be composed of:

- A comprehensive identification of workplace skills for each occupation identified for inclusion in the program by the Agency for Workforce Innovation.
- A preinstructional assessment that delineates the student's mastery level on the specific workplace skills identified for that occupation.
- A targeted instructional program limited to those identified workplace skills in which the student is not proficient. Instruction may be web-based and must meet specific needs of local employers.
- A certificate and portfolio awarded to students upon successful completion of the instruction.

Florida Ready to Work Certification Programs may be conducted at public high schools, community colleges, technical centers, one-stop career centers, vocational rehabilitation centers and Department of Juvenile Justice educational facilities.

HB 801 CS requires the Department of Education (DOE) to establish institutional readiness criteria for the implementation of the Florida Ready to Work Certification Program.

HB 801 CS provides rulemaking authority to the State Board of Education, in consultation with the Agency for Workforce Innovation, for the implementation of the Florida Ready to Work Certification Program.

C. SECTION DIRECTORY:

Section 1: Creates s. 1004.99, F.S., The Florida Ready to Work Certification Program; providing students with workforce skills assessment, instruction related to an occupation, and certification based on demonstration of such skills; providing for institutional eligibility; providing program components; authorizing rulemaking.

SUMMARY ANALYSIS

Current law does not permit a state building, road, bridge, park, recreation complex, or similar facility to be named after a living person unless the name designation is approved by law. Pursuant to this requirement, if a university wishes to name a particular building or facility after a living person, the designation must be approved by the Legislature.

The bill designates the new alumni center at Florida Atlantic University as the "Marleen and Harold Forkas Alumni Center" and the Florida Agricultural and Mechanical University-Florida State University College of Engineering building as the "Herbert F. Morgan Building." Florida Atlantic University, Florida Agricultural and Mechanical University, and Florida State University are directed to erect suitable markers to reflect these designations.

The bill provides an effective date of upon becoming law.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Section 267.062, F.S., provides that no state building, road, bridge, park, recreational complex, or similar facility can be named after a living person unless approved by law. Therefore, if a university wishes to name a particular building or facility after a living person, the designation must be approved by the Legislature.

A section-by-section analysis of the bill follows. The biographical information was provided by the sponsors of the proposed designations.

Section 1: The bill designates the new alumni center at Florida Atlantic University as the "Marleen and Harold Forkas Alumni Center" and directs Florida Atlantic University to erect suitable markers.

Marleen Forkas was the first woman to graduate from the Fashion Institute of Technology's Management Engineering Division. She went on to build a 40-year career as a designer and manufacturer for leading fashion houses.

Harold Forkas began his career working in the office supply business before moving on to sales and management for the Coca-Cola Company. He later had the opportunity to explore entrepreneurship as a Midas Muffler franchisee; by 1988, he owned eight Midas Muffler dealerships.

Marleen and Harold Forkas have a strong philanthropic background. They are involved in several charitable organizations including the Boca Raton Community Hospital Foundation and the Boca Raton Museum of Art. Their involvement with Florida Atlantic University began in 1997 when the couple began attending performances at Florida Atlantic University's University Center. They became members of the University's Inner Circle of Football Founders, and were behind the university's efforts to establish a football team.

More recently, the couple has turned their philanthropic interests to the efforts of the Florida Atlantic University National Alumni Association, donating \$1 million for the construction of a permanent facility to house the association.

Section 2: The bill designates the Florida Agricultural and Mechanical University-Florida State University College of Engineering Building as the "Herbert F. Morgan Building" and directs Florida Agricultural and Mechanical University and Florida State University to erect suitable markers.

Herbert F. Morgan earned a business degree from Florida State University in 1966. While there, he received the James D. Westcott Distinguished Service Medal. In 2003, Mr. Morgan received an honorary doctoral degree from Florida State University. Florida State University and Tallahassee Community College have established a joint scholarship in Mr. Morgan's name.

Mr. Morgan was elected to the Florida House of Representatives in 1974 and served until 1986. As a state representative, he served for eight years as Chairman of the Appropriation Committee and also served as Chair of the Rules and Calendar Committee. Mr. Morgan was a key player in the revision of Florida's Budgeting system. He was dedicated to improving Florida's educational system and improving care for disabled and mentally ill Floridians. Mr. Morgan is a two-time recipient of the Allen Morris Award for the most effective member of the House of Representatives.

Mr. Morgan was instrumental in the creation and funding of the Florida Agricultural and Mechanical University-Florida State University Engineering Program.

SUMMARY ANALYSIS

House Bill 899 amends s. 1001.451, F.S., regarding regional consortium service organizations (RCSOs).

The bill requires that the boards of directors of RCSOs determine which services will be purchased with the funds received from the Department of Education (DOE).

The bill authorizes the boards of directors of RCSOs to replace individual school district bid arrangements with RCSO purchasing and bidding programs.

The bill authorizes boards of directors of RCSOs to establish educational foundations governed by educational foundation boards of directors. RCSOs may permit educational foundations to use the property, facilities and personnel services of an RCSO to raise funds for the district members. The bill requires financial audits for certain educational foundations.

The bill has an indeterminate fiscal impact. See FISCAL ANALYSIS.

The bill takes effect July 1, 2006.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government – This bill permits regional consortium services organizations to provide bidding, purchasing and fundraising operations to multiple school districts, thus reducing duplicative effort which would occur if each district had to provide these services for themselves.

B. EFFECT OF PROPOSED CHANGES:

Currently, section 1001.451, F.S., authorizes the creation of regional consortium service organizations (RCSOs). RCSOs permit smaller school districts,¹ developmental research (laboratory) schools,² and the Florida School for the Deaf and the Blind to pool their resources to provide common programs and services such as teacher training, staff development, exceptional student education, federal grant procurement and coordination, data processing, health insurance, risk management insurance, purchasing, and planning and accountability.

There are currently three regional consortium service organizations in operation in Florida:

- (1) The North Florida Education Consortium (NEFEC): Comprising Baker, Bradford, Columbia, Dixie, Flagler, Gilchrist, Hamilton, Lafayette, Levy, Nassau, Putnam, Suwannee, Union, P.K. Youngs DRS, and the Florida School For the Deaf and the Blind³
- (2) Panhandle Area Education Consortium (PAEC): Comprising Calhoun, FSU Schools, Inc., Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Liberty, Madison, Taylor, Wakulla, Walton, and Washington.⁴
- (3) Heartland Educational Consortium (HEC): Comprising De Soto, Glades, Hardee, Hendry, Highlands, and Okeechobee.⁵

Currently, the DOE provides these organizations with incentive grants of \$50,000 per school district to be used for the delivery of services within those districts. The bill authorizes the boards of directors of the RCSOs to determine which services the funds will be used for.

The bill grants authority to the boards of directors of the RCSOs to establish purchasing and bidding programs, including construction and construction management arrangements, through their school district fiscal agent. An individual district school board could choose to use contracts in place through RCSO bids by submitting a letter of intent to participate and by reflecting the intent to participate in official district school board minutes.

The bill also clarifies that an RCSO board of directors may elect to establish an educational foundation independent of the organization's school district of record. An educational foundation must be governed by an educational foundation board of directors, must be a Florida not-for-profit corporation under chapter 617, F.S., and must be approved by the Department of State. This bill authorizes RCSOs to permit approved educational foundations to use RCSO property, facilities, and personnel services to raise funds for school district members of the RCSO. The bill also provides that each approved educational foundation with more than \$100,000 in expenditures or expenses must provide for an annual financial audit of its accounts and records by an independent certified public accountant. The audit report must be submitted to the boards of directors of both the educational foundation and the RCSO within 9 months after the end of the fiscal year.

¹ Smaller school districts are those that have 20,000 or fewer unweighted full-time equivalent students

² See s. 1002.32, Fla. Stat.

⁵ Heartland Educational Consortium, <http://www.fllearningalliance.org> (last visited Mar. 16, 2006).

The bill provides that the act will take effect July 1, 2006.

C. SECTION DIRECTORY:

Section 1: Amends s. 1001.451, F.S.; requiring the board of directors of a regional consortium service organization to determine use of funds; authorizing establishment of purchasing and bidding programs; authorizing establishment of an educational foundation board of directors and providing for use of property, facilities, and personnel services; requiring audits.

Section 2: Provides an effective date.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on state government expenditures.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill requires an RCSO educational foundation with more than \$100,000 in expenditures or expenses to hire an independent certified public accountant to prepare an audit report. Although the fiscal impact is indeterminate, it is expected to be small.

D. FISCAL COMMENTS:

The bill may reduce administrative costs of school districts operating their own bidding and purchasing processes and fundraising, if the school district obtains these services from a RCSO. To the extent a RCSO expands bidding and purchasing services for school districts, additional costs may be incurred. Although potential school district savings and RCSO increased costs are indeterminate, they are expected to be small.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a city or county to spend funds or take any action requiring the expenditure of funds.

SUMMARY ANALYSIS

The bill requires that no funds in the Community College Program Fund, funds made available to community colleges outside the Community College Program Fund or state or non-state funds made available to state universities may be used to implement, organize, direct, coordinate, administer, or to support the implementation, organization, direction, coordination, or administration of activities related to or involving travel to a terrorist state.

The bill defines "terrorist state" as any state, country, or nation designated by the United States Department of State as a state sponsor of terrorism. Currently, the State Department designates six countries under these authorities: Cuba, Iran, Libya, North Korea, Sudan and Syria. Cuba is the only designated country in the Western Hemisphere.

The bill prohibits travel expenses of public officers or employees for implementing, organizing, directing, coordinating, or administering activities related to or involving travel to a terrorist state.

The bill has no fiscal impact. See FISCAL COMMENTS for historical use of funds.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Maintain public security – The bill prohibits the use of community college or university funds for public officer or employee travel to terrorist states.

B. EFFECT OF PROPOSED CHANGES:

Present Situation

Community College Program Fund

Section 1011.81, F.S., establishes the Community College Program Fund to provide funding for the basic operations of Florida's 28 community colleges.

State University Funding

Section 1011.90, F.S., establishes the primary funding for the basic operations for Florida's 11 state universities.

Per Diem and Travel Expenses

Section 112.061, F.S., governs the per diem and travel expenses of agencies' public officers, employees, and authorized persons.

"Agencies" are defined as any office, department, agency, division, subdivision, political subdivision, board, bureau, commission, authority, district, public body, body politic, county, city, town, village, municipality, or other separate unit of government created by law.¹ A variety of conditions are placed on the travel that may be paid and what amounts may be paid.

"Officer or public officer" is defined as an individual who in the performance of his or her official duties is vested by law with sovereign powers of government and who is either elected by the people, or commissioned by the Governor and has jurisdiction extending throughout the state, or any person lawfully serving instead of either of the foregoing two classes of individuals as initial designee or successor.²

"Employee or public employee" is defined as an individual, whether commissioned or not, other than an officer or authorized person, who is filling a regular or full-time authorized position and is responsible to an agency head, who is called upon by an agency to contribute time and services as a consultant or adviser, who is a candidate for an executive or professional position.³

"Authorized person" is defined as a person other than a public officer or employee, whether elected or commissioned or not, who is authorized by an agency head to incur travel expenses in the performance of official duties.⁴

Terrorist States

The United States Department of State maintains a list of countries determined to have repeatedly provided support for acts of international terrorism. The countries are designated "terrorist states" under the requirements of three federal laws: section 6(j) of the Export Administration Act; section 40 of the Arms Export Control Act; and section 620A of the Foreign Assistance Act. Sanctions resulting from designation under these acts include:

¹ Section 112.061(2)(a).

² Section 112.061(2)(c).

³ Section 112.061(2)(d).

⁴ Section 112.061(2)(e).

- A ban on arms-related exports and sales.
- Controls over exports of dual-use items, requiring a 30-day Congressional notification for goods or services that could significantly enhance the terrorist-list country's military capability or ability to support terrorism.
- Prohibitions on economic assistance.
- Imposition of miscellaneous financial and other restrictions, including:
 - Requiring the United States to oppose loans by the World Bank and other international financial institutions;
 - Lifting the diplomatic immunity to allow families of terrorist victims to file civil lawsuits in U.S. courts;
 - Denying companies and individuals tax credits for income earned in terrorist-list countries;
 - Denial of duty-free treatment for goods exported to the United States;
 - Authority to prohibit any U.S. person from engaging in a financial transaction with a terrorism-list government without a Treasury Department License;
 - Prohibition of Defense Department contracts above \$100,000 with companies controlled by terrorist-list states.

Currently, the State Department designates six countries under these authorities: Cuba, Iran, Libya, North Korea, Sudan and Syria. Cuba is the only designated country in the Western Hemisphere.

Charter Travel to Terrorist States

Title 31 of the Code of Federal Regulations, Chapter V, prescribes the ability and legal method to travel to and do business with countries such as Cuba, Iran, Libya, North Korea, Sudan and Syria. The ability to travel to these countries varies as do the requirements for and the ability to be authorized or licensed by the Office of Foreign Assets Control (OFAC) within the United States Department of the Treasury for such travel. Because of its proximity to Florida and the demographic makeup of the state, Cuba is likely the only listed terrorist state receiving regular charter air and vessel travelers from Florida.

Cultural and Educational Travel to Cuba

Under the Cuban Assets Control Regulations, OFAC may issue specific licenses to accredited United States academic institutions to authorize travel-related transactions related to certain educational activities by students or employees affiliated with the institution. Such licenses are valid for multiple trips over a two-year period. Specific licenses may also be issued (in some instances with extended validity permitting multiple trips) for educational activities that do not take place under the auspices of accredited United States academic institutions. Religious organizations are also eligible for multiple-trip two-year specific licenses authorizing travel-related transactions by their representatives in connection with a program of religious activities in Cuba.

Other travel categories for which specific licenses may be issued include, but are not limited to: free-lance journalism; activities of recognized human rights organizations and other humanitarian projects that directly benefit the Cuban people; certain public performances, clinics, workshops, exhibitions and athletic and other competitions; certain non-commercial activities of private foundations or research or educational institutions; and travel-related transactions involving informational materials, donations of food or exportations of goods licensed by the Department of Commerce.

Effect of Proposed Changes

HB 1171 prohibits funds in the Community College Program Fund and funds made available to community colleges outside the Community College Program Fund to be used to implement, organize, direct, coordinate, or administer, or to support the implementation, organization, direction, coordination, or administration of activities related to or involving travel to a terrorist state. The prohibition includes

state or private funds made available to a community college. The bill also places the same prohibition on state or non-state funds made available to the state universities.

HB 1171 defines "terrorist state" as any state, country, or nation designated by the United States Department of State as a state sponsor of terrorism. Currently, the State Department designates six countries under these authorities: Cuba, Iran, Libya, North Korea, Sudan and Syria. Cuba is the only designated country in the Western Hemisphere⁵.

HB 1171 prohibits travel expenses of public officers or employees for implementing, organizing, directing, coordinating, or administering activities related to or involving travel to a terrorist state.

C. SECTION DIRECTORY:

Section 1. Amends s. 1011.81, F.S., prohibiting the use of funds from the Community College Program Fund, or funds made available to community colleges from outside the fund, to implement, organize, direct, coordinate, or administer activities related to or involving travel to a terrorist state; defining "terrorist state".

Section 2. Amends s. 1011.90, F.S., prohibiting the use of state or non-state funds made available to state universities to implement, organize, direct, coordinate, or administer activities related to or involving travel to a terrorist state; defining "terrorist state".

Section 3. Amends s. 112.061, F.S., providing that travel expenses of public officers or employees for the purpose of implementing, organizing, directing, coordinating, or administering activities related to or involving travel to a terrorist state shall not be allowed under any circumstances.

Section 4. Provides an effective date of July 1, 2006.

SUMMARY ANALYSIS

The bill creates the 21st Century Technology, Research, and Scholarship Enhancement Act (the Act). The Act provides for the creation of the Florida Technology, Research, and Scholarship Board (the board) within the Board of Governors (BOG) to guide the establishment of Centers of Excellence and the attraction of world class scholars. The board is charged with recommending criteria to the BOG for the 21st Century World Class Scholars Program and with providing guidance to the BOG regarding the implementation and administration of the Centers of Excellence. The Act expires June 30, 2011.

The bill provides for the allocation of state matching funds to attract world class scholars to state universities. The bill requires a state university to raise no less than \$1 million to be eligible for state matching funds to recruit a world class scholar. Funds raised will be eligible for a one-to-one match from the state. The bill prohibits revenues received from state appropriations, student tuition and fees, and state funded contracts or grants to be eligible for the state match.

The bill provides for the creation or expansion of Centers of Excellence. Applicants may include state universities; private universities; the Moffitt Cancer Center; the Florida Institute for Human and Machine Cognition; and any community college, training center or other public or private research center in the state that coordinates with a state university for this purpose. The bill requires the board to recommend to the BOG criteria for the approval of proposals to create or expand a center and provides guidelines for the criteria. The bill also requires the board to recommend to the BOG for approval and funding the proposals that meet the approved criteria.

The bill appropriates \$50 million to the 21st Century World Class Scholars Program and \$50 million to the Centers of Excellence Program. See the FISCAL COMMENTS section for further details.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government—The bill creates the Florida Technology, Research, and Scholarship Board (the board) within the Board of Governors (BOG), requires certain duties of the board, and requires the BOG to provide staff support and other support for the board.

B. EFFECT OF PROPOSED CHANGES:

Background

In 2002, the Governor proposed \$100 million for the creation of Centers of Excellence to increase technology research at state universities and diversify the state's economy by stimulating the high-tech economic job sector. Three Centers of Excellence were created: the Center of Excellence in Biomedical and Marine Biotechnology at Florida Atlantic University, the Florida Photonics Center of Excellence at the University of Central Florida, and the Center of Excellence in Regenerative Health Biotechnology at the University of Florida. The Legislature provided \$30 million for these Centers of Excellence in the 2002-2003 General Appropriations Act (GAA).¹

According to the BOG, as of January 2006, the centers have leveraged the state's investment to achieve the following outcomes:

FISCAL PERFORMANCE MEASURES	FAU	UCF	UF	TOTAL
Amount Of:				
Initial State Funds Awarded	\$10,000,000	\$10,000,000	\$10,000,000	\$30,000,000

TOTAL				\$109,006,762

¹ 2002-2003 General Appropriations Act, Specific Appropriation 173A.

In addition to their performance on fiscal measures, the centers report the following measures of research productivity:

PRODUCTIVITY PERFORMANCE MEASURES²	FAU	UCF	UF	TOTAL

In a January 30, 2006 press release, the Governor launched new economic development initiatives to bolster the state's efforts to diversify and build Florida's Innovation Economy. To coincide with this initiative, the Governor recommended a \$630 million investment in the 2006-2007 budget for programs that will generate the innovation needed to create the industries of the future; this included \$200 million to create and fund the 21st Century Technology, Research and Scholarship Enhancement Act.

- \$100 million recommended to be used to create and expand the Centers of Excellence around key sectors of the economy. According to the press release, this program would allow state universities and their research partners to leverage public and private dollars to build the infrastructure to support emerging research and development projects. The collaboration between industry and academia would help drive inventions and innovations from the lab to the marketplace.
- \$100 million recommended to be used to create the World Class Scholars Program. According to the press release, this program would give universities the financial resources to attract leading researchers from around the globe to Florida. Funds may be used for incentives, including building labs, providing high-tech equipment or funding support staff. The state would match the investment of universities dollar-for-dollar.

Effects of Proposed Changes

The bill creates the 21st Century Technology, Research, and Scholarship Enhancement Act (the Act) and provides legislative findings and intent.

The purpose of the Act is to:

- Invest in programs that attract world class scholars and build Centers of Excellence, both of which are important means of increasing technology-based business in this state.
- Require co-investment as a means of leveraging state dollars.
- Align research and development efforts with established, statewide economic-development strategies, including an emphasis on identified economic clusters.
- Facilitate value-added job creation through continuous improvement in university research, as well as entrepreneurship and capital-development programs.
- Establish Florida as a leading state for entrepreneurship and innovation, with continued commitment to university centers and an expanding base of research and development.

The bill defines the following terms for purposes of the Act:

- “A 21st Century World Class Scholar” means a principle researcher/investigator who has high academic credentials, demonstrated competence, and experience that meets the requirements established by the board for a 21st Century World Class Scholar.
- “Board” means the Florida Technology, Research, and Scholarship Board.
- “Center of Excellence” means an organization of personnel, facilities, and equipment established to accomplish the purposes and objectives of this act.
- “Community College” means a Florida public community college as defined in s. 1000.21, F.S.
- “Private University” means a baccalaureate degree-granting independent nonprofit university which is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) and which is located in and chartered as a domestic corporation of the state.
- “Research center” means an institute, center, or clinic that includes research and development or education as a principal mission of the organization.
- “State university” means a Florida public university as defined in s. 1000.21, F.S.

Florida Technology, Research, and Scholarship Board

The bill creates the Florida Technology, Research, and Scholarship Board (the board) within the Board of Governors (BOG) to guide the establishment of centers and the attraction of world class scholars. The board consists of 11 members, seven of whom must be appointed by the Governor, two appointed by the President of the Senate, and two appointed by the Speaker of the House. The Governor's appointees must include a member of the board of directors of Enterprise Florida, Inc., and a member of the BOG. Appointed members must be representative of business leaders, industrial researchers, academic researchers, scientists, and leaders in the emerging and advanced technology sector and may not serve more than four years. The chair of the board is appointed by the Governor.

The board members serve without compensation, but are entitled to reimbursement for per diem and travel expenses in accordance with s. 112.061, F.S. The BOG must provide support staff for the activities of the board and per diem and travel expenses for board members.

The board is charged with recommending to the BOG criteria for the 21st Century World Class Scholars Program and with providing guidance to the BOG regarding the implementation and administration of the Centers of Excellence Program. In addition, the board must recommend to the BOG the qualifications, standards, and requirements for approval of investments in Centers of Excellence. The bill provides that the board may form committees of its members and encourages the board to consult with certain research entities whose input may be helpful in determining the requirements and standards for the Centers of Excellence Program.

21st Century World Class Scholars Program

The bill provides for the allocation of state matching funds to attract world class scholars to state universities. The bill requires the World Class Scholars Program to be used as a tool to develop the state's capabilities in science and high-technology research, emphasizing Florida's identified strengths in science and technology while also recognizing new technologies as they may emerge.

The bill requires the board to consult with certain state university officials, the Office of Tourism, Trade, and Economic Development, the board of directors of Enterprise Florida, Inc., and leading members of the private industry, to develop and recommend to the BOG the criteria for the World Class Scholars Program. The criteria recommended to the BOG must address, at a minimum:

- The presence of distinguished faculty members, outstanding students, and adequate research and scholarly support services.
- The existence of an academic environment having appropriate infrastructure
- The demonstration of concordance with Florida's strategic plan for economic development or an emphasis on one or more emerging sciences or technologies that could favorably impact the state's economic future.

The bill requires a state university to raise no less than \$1 million to be eligible for state matching funds to recruit a world class scholar. Funds raised will be eligible for a one-to-one match from the state.

The bill prohibits revenues received from state appropriations, student tuition and fees, and state funded contracts or grants to be eligible for the state match. Upon verification by the BOG that a state university has met the criteria for a world class scholar, the BOG must release matching funds to the university. The bill requires funds to be used for the purpose of recruiting a World Class Scholar. Funds must also be expended according to an expenditure plan approved by the BOG.

The bill provides that the Act does not replace or obviate existing programs.

Centers of Excellence

The bill also specifies the purposes and objectives of Centers of Excellence, which include recruiting and retaining world class scholars. The bill requires the board to recommend to the BOG criteria for approving proposals to create or expand Centers of Excellence and provides certain factors that must be considered.

The bill requires the board to periodically solicit proposals for Centers of Excellence. Applicants may include state universities; private universities; the Moffitt Cancer Center; the Florida Institute for Human and Machine Cognition; and any community college, training center or other public or private research center in the state that coordinates with a state university. The board must notify the president of each state university and applicable research centers in this state of the call for proposals.

The board must recommend to the BOG for approval and funding the proposals that meet the approved criteria. If no program is judged worthy of approval during a solicitation cycle, an approval does not have to be made. The bill provides that the Act does not establish a limit for an investment amount; however, any approval for a single center exceeding \$20 million must be documented to have superior prospects for success in its field of research and offer outstanding opportunities to leverage state dollars.

The bill requires a Center of Excellence that receives funding under the Act to provide at least annual reports to the board and the BOG concerning its achievement of objectives as identified in the approved proposal.

Other Provisions

The BOG is required to issue an annual report by December 31 of each year that provides information relating to the World Class Scholars Program and the created or expanded Centers of Excellence. The annual BOG report must be presented to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must include a copy of an independent audit of the board and a review of the progress of the programs established pursuant to the Act.

The Act expires June 30, 2011.

The bill appropriates \$50 million to the 21st Century World Class Scholars Program and \$50 million to the Centers of Excellence Program. See the FISCAL COMMENTS section for further details.

The bill provides an effective date of July 1, 2006.

C. SECTION DIRECTORY:

Section 1: Creates s. 1004.226, F.S., the 21st Century Technology, Research, and Scholarship Enhancement Act; providing legislative findings and intent; providing definitions; creating the Florida Technology, Research, and Scholarship Board within the Board of Governors; providing for members of the board and terms; providing for board members to be reimbursed for per diem and expenses incurred in the performance of their duties; requiring that the Board of Governors provide staff support and other support for the board; requiring that the board provide recommendations for the 21st Century World Class Scholars Program and the Centers of Excellence Program; authorizing the board to form committees and consult with certain other entities; providing for the 21st Century World Class Scholar Program to provide matching funds to state universities; providing guidelines for the board in the development of criteria for recommendation to the Board of Governors; requiring a minimum investment

of funds; specifying the purposes of the Centers of Excellence; specifying entities eligible to submit proposals; requiring the board to recommend to the Board of Governors criteria for approving proposals to create or expand a Center of Excellence, to solicit proposals, and to recommend proposals that meet such criteria; requiring documentation if funds are approved for a Center of Excellence in excess of a specified amount; requiring reports by Centers of Excellence and the Board of Governors; and providing for the expiration of the act.

Section 2: Appropriates \$100 million from nonrecurring general revenue for the 2006-2007 fiscal year to the Board of Governors, of which \$50 million is allocated for the 21st Century World Class Scholars Program and \$50 million for the Centers of Excellence Program; and provides for carrying forward certain unexpended balances.

Section 3 Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

See FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

The bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill provides for the establishment of the 21st Century World Class Scholars Program and the creation or expansion of Centers of Excellence. These programs may increase the economic development in this state which in turn may provide for additional employment opportunities for Florida citizens.

D. FISCAL COMMENTS:

For the fiscal year 2006-2007, the bill appropriates a total of \$100 million from nonrecurring general revenue to the BOG, of which \$50 million must be allocated for the 21st Century World Class Scholars Program and \$50 million for the Centers of Excellence Program.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a municipality or county to spend funds or to take any action requiring the expenditure of funds.

2. Other:

In the 2002 General Election, the people amended the State Constitution to create a Statewide Board of Governors to govern, operate, regulate, control, and be fully responsible for the management of the state university system.² The responsibilities include defining university missions, defining articulation with public schools and community colleges, coordinating and operating the university system, and avoiding wasteful duplication of facilities or programs. In addition, the Board of Governors must establish the powers and duties of the university boards of trustees. The Board of Governors' management of the state university system is subject to the power of the Legislature to appropriate for the expenditure of funds. The Board of Governors must account for the expenditure of funds as provided by law.

On December 21, 2004, Floridians for Constitutional Integrity, Inc., filed a complaint for declaratory judgment against the State Board of Education seeking to clarify the powers of the Board of Governors.³ That suit has been partially settled by entry of an order ratifying a mediation agreement between the parties. The agreement declares that the Board of Governors has "full control and authority over the state university system" and that the Board has authority over all "non-appropriated funds administered by the state university system."⁴ The Florida Legislature was not a party to the lawsuit and is not bound by the agreement.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On March 14, 2006, the Colleges and Universities Committee adopted an amendment to HB 1237. The bill was reported favorably with a Committee Substitute (CS). The CS differs from the original bill in the following ways:

- Removes the endowment language.
- Prohibits revenues received from student tuition and fees and state funded contracts or grants from being eligible for a state match.
- Requires funds to be expended according to an expenditure plan approved by the BOG.
- Changes the dates funds are to be carried forward and reverted from 2009-2010 to 2010-2011.

On April 4, 2006, the Education Appropriations Committee adopted two amendments to HB 1237. The bill was reported favorable with a Committee Substitute (CS). The CS differs from the previous CS in the following ways:

- Expands entities eligible to become Centers of Excellence beyond state universities to include private universities; the Moffitt Cancer Center; the Florida Institute for Human and Machine Cognition; and any community college, training center or other public or private research center in the state that coordinates with a state university.

² s. 7 art. IX, State Constitution.

³ Case No. 2004 CA 003040, filed in the Circuit Court for the Second Judicial Circuit of Florida, Leon County.

⁴ Mediation Agreement dated November 29, 2005, on file with Committee staff.

- Removes extended carried forward of funds and reversion language.
- Removes two FTE and associated operating appropriations.
- Changes the appropriation from \$200 million to \$100 million, of which \$50 million is allocated to each the 21st Century World Class Scholars program and the Centers of Excellence program.

Section 1. Section 1004.226, Florida Statutes, is created
to read:

1004.226 The 21st Century Technology, Research, and
Scholarship Enhancement Act.--

(1) LEGISLATIVE FINDINGS AND INTENT.--

(a) The Legislature finds that diversifying this state's
economy requires a focus on building a growing base of high-wage
jobs and on nurturing those technologies and clusters that will
be the foundation of Florida's growing economic diversity and
prosperity.

(b) The Legislature further finds that special programs
are needed to facilitate the recruitment of exceptional talent

2006
CS

52 to Florida's research universities and centers and to provide
53 the infrastructure and resources that precipitate joint efforts
54 and coinvestment among state research and development
55 institutions, private industry, and government. Florida needs
56 consistent commitment and investment in order to further the
57 state's strategy of capitalizing on innovative research and
58 development to build a thriving, technology-rich economy.

59 (2) CREATION.--The 21st Century Technology, Research, and
60 Scholarship Enhancement Act is created for the purpose of:

61 (a) Investing in programs that attract world class
62 scholars and building Centers of Excellence as an important
63 means of increasing technology-based business in this state;

64 (b) Requiring coinvestment as a means of leveraging state
65 dollars;

66 (c) Aligning research and development efforts with
67 established, statewide economic-development strategies,
68 including an emphasis on identified economic clusters;

69 (d) Facilitating value-added job creation through
70 continuous improvement in university research, as well as
71 entrepreneurship and capital-development programs; and

72 (e) Establishing Florida as a leading state for
73 entrepreneurship and innovation, with continued commitment to
74 university Centers of Excellence and an expanding base of
75 research and development.

76 (3) DEFINITIONS.--As used in this section, the term:

77 (a) "A 21st Century World Class Scholar" means a principal
78 researcher/investigator who has high academic credentials,
79 demonstrated competence, and experience that meets the

HB 1237 CS

2006
CS

requirements established by the board for a 21st Century World Class Scholar.

(b) "Board" means the Florida Technology, Research, and Scholarship Board.

(c) "Center of Excellence" means an organization of personnel, facilities, and equipment established to accomplish the purposes and objectives of this act.

(d) "Community college" means a Florida public community college as defined in s. 1000.21.

(e) "Private university" means a baccalaureate degree-granting independent nonprofit university which is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools and which is located in and chartered as a domestic corporation by the state.

(f) "Research center" means an institute, center, or clinic that includes research and development or education as a principal mission of the organization.

(g) "State university" means a Florida public university as defined in s. 1000.21.

(4) FLORIDA TECHNOLOGY, RESEARCH, AND SCHOLARSHIP BOARD.--The Florida Technology, Research, and Scholarship Board is created within the Board of Governors of the State University System to guide the establishment of Centers of Excellence and the attraction of world class scholars.

(a) The board shall consist of 11 members. Seven members shall be appointed by the Governor, one of whom the Governor shall appoint as chair of the board, one of whom must be a member of the board of directors of Enterprise Florida, Inc.,

HB 1237 CS

2006
CS

108 and one of whom must be a member of the Board of Governors of
109 the State University System. Two members shall be appointed by
110 the President of the Senate and two members shall be appointed
111 by the Speaker of the House of Representatives. Appointed
112 members must be representative of business leaders, industrial
113 researchers, academic researchers, scientists, and leaders in
114 the emerging and advanced technology sector. Appointed members
115 may not serve for more than 4 years and any vacancy that occurs
116 during these appointees' terms shall be filled in the same
117 manner as the original appointment. A majority of members
118 constitutes a quorum.

119 (b) Members of the board shall serve without compensation,
120 but are entitled to receive reimbursement for per diem and
121 travel expenses in accordance with s. 112.061 while in the
122 performance of their duties.

123 (c) The Board of Governors shall provide staff support for
124 the activities of the board and per diem and travel expenses for
125 board members.

126 (d) The board is charged with recommending criteria to the
127 Board of Governors for the 21st Century World Class Scholars
128 Program and with providing guidance to the Board of Governors
129 regarding the implementation and administration of the Centers
130 of Excellence Program. The board shall recommend to the Board of
131 Governors the qualifications, standards, and requirements for
132 approval of investments in Centers of Excellence under this act.
133 The board may form committees of its members and is encouraged
134 to consult with Enterprise Florida, Inc., the Florida Research
135 Consortium, Bio-Florida, IT Florida, the Florida Aviation and

HB 1237 CS

2006
CS

Aerospace Alliance, and any other entity whose input may be helpful in determining the requirements and standards for the program.

(5) THE 21ST CENTURY WORLD CLASS SCHOLARS PROGRAM.--

(a) This act allocates state matching funds to attract 21st Century World Class Scholars to state universities.

(b) The 21st Century World Class Scholars Program shall be used as a tool to develop the state's capabilities in science and high-technology research, emphasizing Florida's identified strengths in science and technology while also recognizing new technologies as they may emerge.

(c) The board, in consultation with senior administrators of state universities, state university foundation directors, the Office of Tourism, Trade, and Economic Development, the board of directors of Enterprise Florida, Inc., and leading members of private industry, shall develop and recommend to the Board of Governors criteria for the 21st Century World Class Scholars Program. Such criteria shall address, at a minimum, the following:

1. The presence of distinguished faculty members, including whether the university has a substantial history of external funding, along with the strong potential for attracting a scholar of national or international eminence.

2. The presence of academically outstanding students, along with the promise and potential for attracting additional highly qualified students.

3. The presence of adequate research and scholarly support services.

HB 1237 CS

2006
CS

4. The existence of an academic environment having appropriate infrastructure, including buildings, classrooms, libraries, laboratories, and specialized equipment, that is conducive to the conduct of the highest quality of scholarship and research.

5. The demonstration of concordance with Florida's strategic plan for economic development or an emphasis on one or more emerging sciences or technologies that could favorably impact the state's economic future.

(d) A state university must raise a minimum of \$1 million to be eligible for state matching funds to recruit a 21st Century World Class Scholar. Funds raised by the university shall be eligible for a one-to-one match from the state. Revenues received from state appropriations, student tuition and fees, and state-funded contracts or grants are not eligible for state match.

(e) Upon the verification by the Board of Governors that a state university has met the criteria for a 21st Century World Class Scholar, the Board of Governors shall release matching funds to the university. Funds shall be used for the purpose of recruiting a 21st Century World Class Scholar and shall be expended according to an expenditure plan approved by the Board of Governors.

(f) Nothing in this act is intended to replace or obviate existing programs.

(6) CENTERS OF EXCELLENCE.--

(a) The purposes and objectives of a Center of Excellence include:

HB 1237 CS

2006
CS

192 1. Identifying and pursuing opportunities for university
193 scholars, research center scientists and engineers, and private
194 businesses to form collaborative partnerships to foster and
195 promote the research required to develop commercially promising,
196 advanced, and innovative science and technology and to transfer
197 those discoveries to commercial sectors.

198 2. Acquiring and leveraging public-sector and private-
199 sector funding to provide the totality of funds, personnel,
200 facilities, equipment, and other resources needed to support the
201 research required to develop commercially promising, advanced,
202 and innovative science and technology and to transfer those
203 discoveries to commercial sectors.

204 3. Recruiting and retaining world class scholars, high-
205 performing students, and leading scientists and engineers in
206 technology disciplines to engage in research in this state and
207 to develop commercially promising, advanced, and innovative
208 science and technology.

209 4. Enhancing and expanding science and technology
210 curricula and laboratory resources at universities and research
211 centers in this state.

212 5. Increasing the number of high-performing students in
213 science and technology disciplines who graduate from
214 universities in this state and pursue careers in this state.

215 6. Stimulating and supporting the inception, growth, and
216 diversification of science and technology-based businesses and
217 ventures in Florida and increasing employment opportunities for
218 the workforce needed to support such businesses.

HB 1237 CS

2006

- 219 (b) The following entities are eligible to submit
220 proposals for a Center of Excellence:
- 221 1. Any state university.
 - 222 2. Any private university.
 - 223 3. The H. Lee Moffitt Cancer Center and Research
224 Institute.
 - 225 4. The Florida Institute for Human and Machine Cognition,
226 Inc..
 - 227 5. Any community college, training center, or other public
228 or private research center in the state that coordinates with a
229 state university for purposes of this act.
- 230 (c) The board shall recommend to the Board of Governors
231 criteria for approving proposals to create or expand a Center of
232 Excellence. Such criteria shall consider:
- 233 1. The maturity of the applicant's existing programs
234 relating to a proposed Center of Excellence.
 - 235 2. The comprehensiveness and effectiveness of site plans
236 relating to a proposed Center of Excellence.
 - 237 3. The existing amount of the applicant's resources
238 dedicated to activities relating to a proposed Center of
239 Excellence.
 - 240 4. The regional economic structure and climate.
 - 241 5. The degree to which the applicant identifies and seizes
242 opportunities to collaborate with other public or private
243 entities for research purposes.
 - 244 6. The presence of a comprehensive performance and
245 accountability measurement system.

HB 1237 CS

2006
CS

246 7. The use of an integrated research and development
247 strategy using multiple levels of the educational system.

248 8. The ability of the applicant to raise research funds
249 and leverage public and private investment dollars to support
250 advanced and emerging scientific and technological research and
251 development projects.

252 9. The degree to which the applicant transfers advanced
253 and emerging sciences and technologies from its laboratories to
254 the commercial sector.

255 10. The degree to which the applicant stimulates and
256 supports the creation of new ventures.

257 11. The existence of a plan to enhance academic curricula
258 by improving communication between academia and industry.

259 12. The existence of a plan to increase the number,
260 quality, and retention rate of faculty and graduate students in
261 advancing and emerging science and technology-based disciplines.

262 13. The existence of a plan to increase the likelihood of
263 faculty and graduate students pursuing private-sector careers in
264 the state.

265 14. The ability of the applicant to provide capital
266 facilities necessary to support research and development.

267 (d) The board shall periodically solicit proposals for
268 Centers of Excellence. To call for proposals, the board shall
269 notify the president or chief executive officer of the eligible
270 entities identified in paragraph (b).

271 (e) The board shall recommend to the Board of Governors
272 for approval and funding those proposals that meet the criteria
273 approved by the Board of Governors.

HB 1237 CS

2006
CS

(f) If no proposal is judged worthy of approval during a solicitation cycle, an approval need not be made. This act does not establish a limit for an investment amount; however, any approval for a single Center of Excellence exceeding \$20 million must be documented to have superior prospects for success in its field of research and offer outstanding opportunities to leverage state dollars.

(7) ANNUAL REPORT.--

(a) Any Center of Excellence receiving funding pursuant to this section shall provide at least annual reports to the board and the Board of Governors concerning its achievement of objectives as identified and presented in the approved proposal.

(b) The Board of Governors shall issue an annual report by December 31 each year of the activities conducted, including the accomplishments and overall economic benefits to the state, the number of 21st Century World Class Scholars attracted, the number of Centers of Excellence created or expanded, the success of collaborations with related industries, and the success of these programs. The annual report shall be presented to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The annual report must include a copy of an independent audit of the board and a review of the progress of programs established pursuant to this section.

(8) EXPIRATION.--This section shall expire June 30, 2011.

Section 2. For the 2006-2007 fiscal year, the sum of \$100 million is appropriated from nonrecurring general revenue to the Board of Governors of the State University System, of which \$50 million shall be allocated for the 21st Century World Class

SUMMARY ANALYSIS

The No Child Left Behind Act of 2001 (NCLB) authorizes the use of federal funds to provide supplemental educational services (SES) to low income children attending low performing schools. States are required to adopt standards governing the provision of SES to eligible students. Currently, there are no provisions in Florida law establishing state standards for SES services.

The bill establishes statewide standards governing the provision of SES and prescribes certain responsibilities to the Department of Education (DOE), local education agencies (LEA), SES providers, and parents.

The bill sets an effective date of July 1, 2006.

This bill does not have a fiscal impact. See Fiscal Comments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Safeguard Individual Liberty: The bill requires the Department of Education and school districts to take certain measures to increase access to supplemental educational services.

Empower Families: The bill increases opportunities for parents to enroll their child in supplemental education services. The bill establishes standards for supplemental educational services providers.

B. EFFECT OF PROPOSED CHANGES:

Present Situation:

NCLB authorizes the use of federal funds to provide SES to low income children attending low performing schools. SES may include tutoring, additional instruction, or other services provided outside of the regular school day in reading, language arts, or mathematics.¹

Generally, a student is eligible for SES if the student meets school district established criteria for low income status and is attending a school subject to restructuring or corrective action or in its second year of school improvement.² NCLB requires state education agencies (SEA) to take certain measures to promote provider participation in the provision of SES.³ Each SEA must also follow federally established criteria in establishing state standards for approving providers. Each SEA must maintain and disseminate to school districts a list of the approved providers available in each school district.

School districts are required by NCLB to promptly inform parents that the school their child is attending is in need of improvement.⁴ In addition, school districts must provide parents a list of state-approved providers.⁵ Parents may utilize approved programs conducted by a non-profit entity, a for-profit entity, LEA, an educational service agency, a public school, a public charter school, or a private school.⁶

Currently, there are no provisions in Florida law establishing state standards for SES services.

Effect of Proposed Changes:

House bill 1373 establishes statewide standards governing the provision of SES and prescribes certain responsibilities to the DOE, LEA, SES providers, and parents. Many of these requirements are already in federal law and some build on current requirements of federal law.

Department of Education Responsibilities:

- Identify, notify, promote participation, and approve potential providers.
- Develop pre- and post-assessments to identify and target instruction to student needs and monitor the effectiveness of services.
- Maintain a statewide and regional list of approved providers, and make lists available to school districts.
- Develop standards for monitoring quality and effectiveness of provider services.
- Ensure that LEAs have met obligations to parents.
- Notify LEAs of specific schools that are subject to restructuring or corrective action or in the second year of school improvement.

⁶ 34 C.F.R. § 200.47

- Post a downloadable enrollment application on the DOE website.
- Convene an advisory council to assist DOE in developing regulations to guide the selection and oversight of SES providers.

Local Education Agency Responsibilities:

- Provide recurrent notification to parents of eligible students about the availability of SES.
- Assist parents in obtaining and registering for services.
- Determine per-student funding based on federal law limits.
- Follow prescribed procedures for agreements with SES providers.
- Approve providers in a fair and transparent manner and establish procedures for monitoring provider quality and performance.

Provider Responsibilities:

- Set and target instruction to student achievement goals.
- Establish and explain procedures for monitoring progress and notifying parents and classroom instructors of student progress.
- Ensure that all instruction is secular, neutral, and nonideological.

Parent Responsibilities:

- Request services and select a provider.
- Provide transportation to the student when not otherwise provided by the provider.
- Work with providers to set student goals and maintain open communication with the provider.

In addition, the bill establishes eligibility criteria that SES providers must meet to gain state approval and requires the DOE to establish a system for conducting annual evaluations of all SES providers. The bill establishes a complaint process for parents, students, LEAs, and SES providers for determining whether the DOE and LEAs are in compliance with applicable laws and regulations governing SES.

The bill authorizes the DOE to withhold Title I funds from LEAs that fail to provide SES to eligible students.

C. SECTION DIRECTORY:

Section 1. Creates an unnumbered section of law governing the provision of SES.

Section 2. Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on state government expenditures.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill requires the DOE and LEAs to take certain measures to notify parents of eligible students of the availability of supplemental educational services. Private providers approved by DOE may experience an increase in demand for their services.

D. FISCAL COMMENTS:

NCLB requires school districts with schools subject to restructuring or corrective action or in the second year of school improvement to set aside 20% of their Title I funds to pay for SES. The bill requires LEAs to establish per student funding amounts and take certain measures to increase the availability of SES to eligible students. The increased demand for SES that is likely to occur will result in greater expenditures of Title I funds within the 20% set aside for providing SES.

The bill prohibits school districts from using leftover SES funds for other Title I purposes unless the district ensures that a minimum of 50% of eligible students are being served. School districts are required to take additional measures to notify, enroll, and serve SES students and must also obtain a documented denial of services from each parent who does not enroll their student in SES. School districts that fall short of the 50% enrollment criteria despite reasonable efforts to comply with these measures may request authorization from the DOE to redesignate unused SES funds for other Title I purposes.

The bill allows the DOE to withhold Title I funds from school districts that fail to meet certain obligations pertaining to SES services.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable because the bill does not require a city or county to spend funds or to take any action requiring the expenditure of funds; reduce authority that cities or counties have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with cities or counties.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On March 21, 2006, the PreK-12 Committee adopted two amendments to the bill.

The first amendment provides a procedure for LEAs to redesignate unused SES funds for other Title I purposes. The second amendment establishes an advisory council to assist DOE in developing regulations to guide the selection and oversight of SES providers.

This bill analysis reflects the bill as amended.

CHAMBER ACTION

The PreK-12 Committee recommends the following:

Council/Committee Substitute

Remove the entire bill and insert:

A bill to be entitled

An act relating to supplemental educational services; providing for student access to and provider accountability for supplemental educational services in Title I schools; providing definitions; providing responsibilities of the Department of Education, local educational agencies, providers of supplemental educational services, and parents to provide additional academic instruction designed to increase the academic achievement of eligible students; providing criteria that must be met by a provider approved by the department; providing for department monitoring and evaluation of provider performance; providing a complaint process for determination of provider and local educational agency compliance with law; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

HB 1373

2006
CS

Section 1. Supplemental educational services in Title I schools; student access and provider accountability.--

(1) DEFINITIONS.--As used in this section:

(a) "Adequate yearly progress" or "AYP" means performance based on a series of performance goals that each school, each local educational agency, and the state must achieve within specified timeframes in order to meet the 100-percent proficiency goal established by the federal No Child Left Behind Act of 2001.

(b) "Eligible student" means a student from a low-income family who attends a Title I school in the school's second year of school improvement, corrective action, or restructuring, as defined by the No Child Left Behind Act of 2001.

(c) "Instructor" or "tutor" means a person employed by a supplemental educational service provider to deliver instruction in reading, language arts, or mathematics to eligible students enrolled in the provider's program.

(d) "Local educational agency" or "LEA" means a local board of education.

(e) "No Child Left Behind Act of 2001" or "NCLB" is a reauthorization of the Elementary and Secondary Education Act of 1965, which is the principal federal law affecting education from kindergarten through high school. The NCLB is designed to improve student achievement and close achievement gaps. States are required to develop challenging academic standards, educate all students to 100-percent proficiency by 2014, and create and implement a single, statewide accountability system.

HB 1373

2006
CS

(f) "Parent" means the person or persons legally responsible for the guardianship of the student, including a legal guardian.

(g) "Supplemental educational service providers" or "SES providers" are faith-based organizations, for-profit and nonprofit businesses, local educational agencies, schools, institutes of higher education, community groups, and regional educational service agencies approved by the Department of Education to provide additional academic instruction designed to increase the academic achievement of eligible Title I students.

(h) "Supplemental educational services" or "SES" means additional academic instruction provided outside the regular school day that is designed to increase the academic achievement of low-income students, as defined by eligibility for free or reduced-price meals, who attend qualifying schools as defined by the No Child Left Behind Act of 2001.

(i) "Title I" is the Elementary and Secondary Education Act of 1965 program that focuses on improving the academic achievement of disadvantaged students by ensuring that all students have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic standards and assessments.

(2) REQUIREMENTS.--

(a) State responsibilities.--The Department of Education shall:

1. Consult with parents, teachers, school districts, and interested members of the public to identify a large number of

HB 1373

2006
CS

SES providers so that parents have a wide variety of high-quality choices.

2. Provide and disseminate broadly an annual notice to potential providers outlining the process for obtaining approval to be an SES provider. There shall be at least two opportunities each year for potential providers to submit their applications to the department.

3. Develop and apply objective criteria for approving potential providers. Each provider's SES program shall:

a. Include an appropriate, diagnostic assessment for use in identifying a student's weaknesses and achievement gaps upon which to build an individual student learning plan and learning goals.

b. Use targeted remediation or instruction that is aimed at addressing a student's skill gaps revealed during the assessment and that is based upon an individual student learning plan.

c. Include a post assessment linked to the diagnostic assessment to determine whether student learning gains occurred and to further develop a plan for either reteaching skills or identifying new skills for instruction.

d. Align with the Sunshine State Standards in the area of reading or mathematics, or both.

e. Supplement the academic program a student experiences in the regular school day.

f. Use high-quality, research-based instructional practices that are specifically designed to increase students' academic achievement.

HB 1373

2006
CS

- 106 4. Maintain an updated list of approved providers.
- 107 5. Exercise authority to investigate and remove providers
108 from the approved list based on evaluation results.
- 109 6. Make available to school districts a list of available
110 approved providers in their general geographic locations.
- 111 7. Develop, implement, and publicly report on monitoring
112 standards for providers to ensure the quality and effectiveness
113 of services offered by approved providers.
- 114 8. Ensure that an LEA has fully met parental demands for
115 SES. In determining whether an LEA has fully met parental
116 demands for SES, the department shall consider whether an LEA
117 has:
 - 118 a. Appropriately notified all eligible parents of the
119 availability of SES.
 - 120 b. Adequately publicized options to parents through
121 multiple forums in understandable formats and languages.
 - 122 c. Offered parents a reasonable period of time to
123 investigate their options and submit their requests for SES.
- 124 9. No later than May 1 each year, notify LEAs of the
125 specific schools that are in the second year of school
126 improvement, corrective action, or restructuring and have not
127 achieved AYP since such identification.
- 128 10. Place on its Internet website a standard, downloadable
129 enrollment application to be used by parents of eligible
130 students, which must be used by all LEAs for SES enrollment
131 purposes.
- 132 11. Convene an advisory committee to assist it in
133 developing regulations to guide the selection and oversight of

HB 1373

2006
CS

SES providers. These regulations shall be designed in order to ensure that qualified providers utilize sound practices, provide financial accountability, and utilize recommended or sufficient metrics to best gauge provider effectiveness, such as effectiveness in raising student achievement. The committee shall include:

a. Two members appointed by the Speaker of the House of Representatives.

b. Two members appointed by the President of the Senate.

c. Two district school board members appointed by the Governor.

d. Parents appointed by the Governor.

e. Seven providers representing the different types of providers in the SES field, such as on-line providers and small and large for-profit, nonprofit, community-based, district-based, and faith-based providers, appointed by the Governor.

The Commissioner of Education or his or her designee shall chair the committee and submit for approval a proposal to the Legislature no later than the end of the 2007 legislative session.

(b) LEA responsibilities.--An LEA shall:

1. No later than 90 days prior to the start of the school year, notify parents of eligible students about the availability of SES. Notification shall meet the following criteria:

a. Be sent at least twice annually.

HB 1373

2006
CS

b. Be provided in an understandable and uniform format and, to the extent practicable, in a language the parents can understand.

c. Describe how parents may obtain services.

d. Provide a minimum of 20 school days for parents to select and notify the LEA regarding a selected provider.

e. Create a streamlined, one-step SES parent registration and provider selection process that is user friendly.

2. Help parents choose a provider, if such assistance is requested, making sure that such assistance is unbiased and does not provide advantage for one provider over another, including the LEA if such LEA is an approved provider, and obtain permission from parents to release assessment data to a selected provider.

3. Determine and prioritize students who shall receive services if not all students can be served. Determination shall be made in accordance with eligibility criteria established in federal law and with guidance from the United States Department of Education, ensuring that prioritization does not take place in advance of actual demand being documented and shall be based on the 20-percent set-aside minus any actual costs associated with providing transportation for public school choice pursuant to subparagraph 18.

4. Determine the per-student spending limit according to federal law only, which amount shall not be reduced or otherwise altered.

5. Ensure that the opportunity to acquire SES is offered to eligible students on a continuous basis or, at a minimum,

HB 1373

2006
CS

188 twice every school year, such as once at or near the start of
189 the school year and once at or near the start of each new
190 calendar year. An LEA that does not offer at least two
191 opportunities for SES enrollment shall not amend unobligated SES
192 into the general Title I budget.

193 6. Enter into an agreement with a provider selected by the
194 parent of an eligible student no later than 45 days after the
195 beginning of the school year or within 45 days after receiving
196 notification of school improvement status. The same procedure
197 shall be followed for subsequent enrollments during the school
198 year. An LEA that does not begin to offer SES within such time
199 periods shall not amend unobligated SES funds into the general
200 Title I budget. The agreement shall include, at a minimum:

201 a. A statement of specific achievement goals for each
202 eligible student whose parent elects to receive SES from the
203 approved provider.

204 b. A description of how student progress will be measured.

205 c. Progress reports for each student to whom a provider
206 gives services under the agreement.

207 d. Procedures for obtaining parental consent to release
208 assessment data to a selected provider.

209 e. Procedures for termination of the agreement with the
210 provider based on specific and material cause and include an
211 opportunity for the provider to cure any such breach.

212 Termination for convenience clauses shall not be allowed.

213 f. The payment process for students receiving SES, with
214 reimbursement for services to occur within 60 days following
215 submission of a complete invoice.

HB 1373

2006
CS

g. Records of attendance for each student receiving SES.

h. Security of information relating to students receiving SES.

i. The procedure for facility access for providers, using a fair, transparent, and objective process, to operate on site in a school or schools identified for school improvement, corrective action, or restructuring, free of charge or for a reasonable fee, on the same basis and terms as are available to other groups that seek access to the school building.

j. The process for records maintenance of a provider's SES to students.

k. Guidelines specifying secular, neutral, and nonideological instruction and content.

l. An outline of applicable federal, state, and local laws, and rules and regulations required by law, in connection with providing tutorial service.

7. Establish monitoring procedures to ensure that providers fulfill their contractual obligations. Monitoring should include tracking student progress toward meeting the state's academic standards.

8. Select an approved provider or providers, using a fair, transparent, and objective process, to operate on site in a school or schools identified for school improvement, corrective action, or restructuring, free of charge or for a reasonable fee, on the same basis and terms as are available to other groups that seek access to the school building. The LEA shall not select a provider or providers based on a reduced per-student amount as calculated under federal law or other criteria

HB 1373

2006
CS

that would otherwise be a department responsibility or
programmatic design criteria, such as the requirement of
specific student-tutor ratios.

9. Enter into a compact with the provider, parent, and
student. The compact, which shall be maintained for monitoring
purposes, shall include, at a minimum:

a. A notification letter to the parent of a student who is
eligible to receive SES from an approved provider.

b. Procedures regarding how the SES provider may contact
schools and parents regarding available services.

c. Development of a collaborative relationship with the
LEA to ensure that issues and concerns are handled in a timely
and efficient manner.

d. Specific achievement goals for the student, which shall
be developed in consultation with the student's parent.

e. An established timetable for improving the student's
achievement.

f. Selection of a provider from the department's approved
provider list.

g. Scheduled tutoring sessions.

10. Assist the department as needed in identifying
potential providers within the school district.

11. Provide the information the department needs to
monitor the quality and effectiveness of the SES offered by
providers as specified in federal law.

12. Protect the privacy of students who receive SES. The
LEA shall provide achievement data of students to providers
serving those students.

HB 1373

2006
CS

272 13. Notify parents immediately if a provider becomes
273 ineligible to serve as an SES provider. Notification shall
274 include the steps parents must follow in order to secure another
275 provider.

276 14. Provide approved providers with registration forms and
277 logistical information, including the procedures parents must
278 follow in obtaining SES for their children.

279 15. While appealing an AYP decision, continue to provide
280 services while the appeal is being resolved and a final AYP
281 determination is being made. If an appeal is granted, the LEA
282 shall continue to serve students currently receiving SES until
283 the end of the contract period but is not obligated to provide
284 SES to additional students.

285 16. Include in a school improvement plan steps to ensure
286 that eligible students will receive SES as required by law
287 whenever a school is classified as needing improvement for a
288 second or subsequent year.

289 17. Ensure that eligible students from any school that is
290 in the second year of school improvement, corrective action, or
291 restructuring and has not achieved AYP at least once since such
292 identification shall be offered SES before the start of the
293 school year.

294 18. Set aside up to 20 percent of its Title I, Part A
295 allocation for SES. Before determining that an amount less than
296 20 percent of its allocation is needed for choice-related
297 transportation and SES, an LEA shall document to the department
298 that it has fully met demands for these services. An LEA must
299 document, and make publicly available, that it has:

HB 1373

2006
CS

a. Appropriately notified all parents of eligible students of the availability of public school choice and SES.

b. Adequately publicized the options to parents in understandable formats and multiple forums.

c. Offered parents a reasonable period of time to investigate their options and submit their requests for either public school choice or SES.

LEAs may redesignate unused SES funds for other Title I purposes by the May 15 consolidated application budget amendment deadline by ensuring that a minimum of 50 percent of the students eligible to receive SES are served by an approved provider. LEAs not meeting the 50-percent requirement shall submit to the department a list of eligible students, students receiving services, and otherwise eligible students on a wait list. LEAs must obtain documentation from the parents of unserved, but otherwise eligible, students that they decline to participate in SES for that school year. LEAs that are unable to meet the 50-percent requirement despite reasonable efforts to comply with these provisions may submit a request to the department for authorization to redesignate unused SES funds. Redesignation requests shall be approved if the department finds that the LEA has met the requirements of subparagraph (a)8.

(c) Provider responsibilities.--The provider shall:

1. Agree to negotiate directly with LEAs to determine scheduled sessions per student. Cost of services shall not exceed the per-student spending limit calculated by each LEA.

HB 1373

2006
CS

- 327 2. Set specific achievement goals for each student, which
328 shall be developed in consultation with each student's parent.
- 329 3. Provide a description of how each student's progress
330 will be measured and how each student's parent and instructors
331 will be regularly informed of that progress.
- 332 4. Establish a timetable for improving each student's
333 achievement.
- 334 5. Agree not to disclose to the public the identity of any
335 student eligible for or receiving SES without the written
336 permission of the student's parent.
- 337 6. Agree to meet all applicable federal, state, and local
338 health, safety, and civil rights laws.
- 339 7. Ensure that all instruction and content are secular,
340 neutral, and nonideological.
- 341 8. Ensure that instruction is consistent with student
342 achievement goals.
- 343 9. Agree to abide by the education industry association's
344 current version of the SES code of ethics.
- 345 (d) Parent responsibilities.--The parent shall:
- 346 1. Request SES for the student.
- 347 2. Select a provider from the department's approved
348 provider list.
- 349 3. Transport students to and from the place of service
350 when not provided by the provider.
- 351 4. Work with the provider to set achievement goals for the
352 student.
- 353 5. Maintain open communication with a provider about a
354 student's progress.

355 (e) Provider criteria.--
 356 1. Providers shall meet the following criteria:
 357 a. Have a demonstrated record of effectiveness in
 358 improving student academic achievement.
 359 b. Document that the instructional strategies used by the
 360 provider are of high quality, based upon research, and designed
 361 to increase student academic achievement.
 362 c. Document that services are aligned with the Sunshine
 363 State Standards in the area of reading or mathematics, or both.
 364 d. Provide evidence that the provider is financially
 365 sound.
 366 e. Document that the provider will provide SES consistent
 367 with all applicable federal, state, and local health, safety,
 368 and civil rights laws.
 369 f. Meet all requirements set forth in guidelines issued by
 370 the department, including, but not limited to, reporting
 371 requirements, application requirements, deadlines, timelines,
 372 and standards.
 373 g. Provide instruction that is secular, neutral, and
 374 nonideological.
 375 2. Providers applying for statewide provider status upon
 376 request shall serve students in any LEA regardless of the
 377 geographical location. Providers approved for statewide provider
 378 status may be removed from the provider list if this requirement
 379 is not met. Providers removed from the statewide list may
 380 reapply and specify a geographical area for their service.
 381 (f) Monitoring and evaluation.--

HB 1373

2006
CS

1. The department shall monitor, at least annually, all providers currently serving students. Monitoring shall be conducted at a representative sample of the locations at which the provider serves participating students.

a. The department shall schedule with the provider a mutually agreeable date and time for a monitoring visit. Prior to a monitoring visit, the department shall send to the provider, in writing, confirmation of the scheduled date and time.

b. Prior to a monitoring visit, the department shall notify the provider of all documentation necessary to demonstrate compliance with all applicable state and federal laws related to SES. The provider may request technical assistance from the department in identifying the relevant documents.

c. A provider's performance on each monitoring standard and a provider's overall performance rating shall be indicated on the SES provider monitoring form. The department shall send to the provider, in a timely manner, a copy of the completed monitoring form that includes notes regarding items of documentation that are missing or incomplete.

2. The department shall develop specific procedures to annually evaluate all providers that have served students for 2 or more consecutive years in reading, language arts, or mathematics. These procedures shall:

a. Account for, and be fair to, providers that serve both large and small populations of students and that use varying methods of instruction.

HB 1373

2006
CS

b. Be fair and sensitive enough to record gains of individual students, especially students whose achievement level is several grades behind grade level.

c. Isolate the effects of SES from other variables that might affect a student's achievement using regression analysis, comparison groups, or other valid and reliable statistical means.

d. Collect qualitative data on parental satisfaction with provider services.

e. Include safeguards against potential conflicts of interests when the LEA is also an approved provider and is involved in provider monitoring and evaluation.

3. If the department determines that a provider has failed to contribute to increasing the academic proficiency of students for 2 or more consecutive years in reading, language arts, or mathematics in a specific LEA, the department shall remove the provider from the approved provider list for that LEA.

4. The provider shall have the opportunity to appeal the department's decision to the State Board of Education. The provider may reapply to the department for approval after a 1-year waiting period.

5. The department shall require an LEA to submit:

a. The parental notification letters the LEA has developed and utilized to inform parents of eligible students.

b. At least twice during the school year, updated information on how many students in the LEA are eligible for SES and how many students make use of SES.

HB 1373

2006
CS

c. How much money, in total dollars and per student, is being spent by the LEA on SES.

(g) Complaint process.--

1. The department shall monitor complaints from parents, students, SES providers, school districts, and other individuals to determine whether LEAs and SES providers are in compliance with the applicable state and federal laws, rules, regulations, and guidance governing the provision of SES. The department shall annually provide a summary report to the State Board of Education.

2. An organization or individual may file with the department a signed, written complaint setting forth allegations of noncompliance. The written complaint shall include, at a minimum:

a. A clear statement of the allegation.

b. A summary of the facts upon which the allegation is based.

c. Any documentation supporting the allegation.

d. The complainant's contact information, including the name of an individual complainant or an authorized representative of the complainant organization and the address and telephone number of the individual or representative.

3. Complaints received from an organization or individual shall be signed and addressed in writing to the department.

4. The department shall acknowledge, in writing, its receipt of a complaint within 15 business days.

5. The department shall, in a timely manner, commence an investigation of the allegations set forth in the complaint and

HB 1373

2006
CS

465 make an independent determination as to whether the allegations
466 warrant further review or action.

467 6. If necessary, the department may conduct an onsite
468 visit to clarify any issues raised by the complaint. An onsite
469 investigation team may examine relevant records and conduct
470 interviews of relevant persons to determine whether there has
471 been a violation of any applicable state or federal law, rule,
472 regulation, or guideline.

473 7. The department shall send written notification to all
474 appropriate parties of the steps necessary to resolve the
475 complaint, including technical assistance activities,
476 negotiations, and corrective actions to achieve compliance. This
477 notification may include specific requirements and timelines
478 that must be met in order to ensure that providers other than
479 LEAs continue to receive SES funds from the LEA. LEAs that are
480 providers shall meet the requirements in order to ensure that
481 funds equal to the amount of their SES set-aside are available
482 in the department's grants accounting system.

483 8. Upon conclusion of the department's investigation, the
484 department shall take appropriate action to remedy violations of
485 applicable laws, rules, regulations, or guidelines, including
486 removal of a provider from the approved provider list.

487 9. If the department makes the decision to remove a
488 provider from the approved provider list, the LEA shall be
489 notified no later than 10 business days after the department's
490 action. Each provider notified of the decision shall have the
491 right to appeal such decision prior to its becoming final.

HB 1373

2006
CS

492 10. If an LEA does not comply with providing SES to
493 eligible students within the established timeframe, the
494 department shall withhold funds equal to the amount of the LEA's
495 SES set-aside funds until the LEA complies.

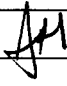

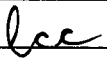

496 11. If funds are withheld from an LEA for not providing
497 SES to eligible students within the specified timeframe, the
498 department may enter into agreements with providers in lieu of
499 the LEA.

500 Section 2. This act shall take effect July 1, 2006.

SUMMARY ANALYSIS

The bill establishes the K-8 Virtual School Program as an optional educational choice program within the Department of Education. Like the K-8 Virtual School pilot programs, the K-8 Virtual School Program is established to deliver academic instruction through the use of on-line and distance learning technology to full-time students in kindergarten through eighth grade.

The bill provides for K-8 Virtual School Program student and school eligibility requirements, application procedures, participating school responsibilities, funding mechanisms, assessment and accountability, and causes for nonrenewal or termination of contract. Additionally, this bill addresses the participation of current schools currently in the K-8 Virtual School pilot program.

The K-8 Virtual School Program is subject to annual legislative appropriation in the General Appropriations Act. The Department of Education states that it would require 4 additional FTE staff positions in order to implement the K-8 Virtual School Program. Please see the FISCAL ANALYSIS section of the analysis.

The bill allows for the State Board of Education to adopt rules to implement and administer the K-8 Virtual School Program.

The bill provides for an effective date of July 1, 2006.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill increases the number of public school educational choice options available to K-8 public school students.

Safeguard individual liberty – The bill codifies a K-8 virtual educational choice option for parents of public school students.

Empower families – The bill provides parents of K-8 public school students with an opportunity to exercise parental choice by enrolling their child in a K-8 Virtual School program.

B. EFFECT OF PROPOSED CHANGES:

Background

In 2003, the Legislature authorized the Department of Education (DOE) to provide for the creation of at least two K-8 Virtual School pilot programs. The two pilot programs selected by the DOE were Connections Academy, Inc. and K12, Inc. The schools provide computers and help cover the cost of Internet access for their students who complete 10 to 30% of their work on-line depending on the grade level. Both of these schools utilize the parent or other responsible adult as the students' primary teachers while the virtual school teachers oversee the students' progress by checking samples of their work. These programs use on-line curriculum, lessons, and progress tests as well as books and other more traditional learning materials. A parent-teacher telephone conference is required at least once every two weeks. However, parents can reach virtual school teachers through e-mail or telephone at other times.

The 2003 and 2005 Legislature appropriated \$4,800,000 for the K-8 Virtual School pilot programs. The pilot programs were funded with grants of up to \$4,800 per student with a total enrollment not to exceed 1,000 students. The 2004 Legislature funded the grants in the same amount per student with total funding not to exceed \$3,800,000, reducing student enrollment to 800 students. However, total student enrollment for the pilot programs returned to 1,000 students with the 2005 appropriation.

Effects of Proposed Changes

The bill establishes the K-8 Virtual School Program as an optional educational choice program within the Department of Education. Like the K-8 Virtual School pilot programs, the K-8 Virtual School Program is established to deliver academic instruction through the use of on-line and distance learning technology to full-time students in kindergarten through eighth grade. The bill provides for K-8 Virtual School Program student and school eligibility requirements, application procedures, participating school responsibilities, funding mechanisms, assessment and accountability, and causes for nonrenewal or termination of contract. Additionally, this bill addresses the participation of current schools in the K-8 Virtual School pilot program.

The K-8 Virtual School Program would still be subject to annual legislative appropriation. State funding for each participating school will continue to be based on total program enrollment and an amount per full-time equivalent student that is established each year in the General Appropriations Act. Consequently, until funds are appropriated it is unclear as to how many students would be able to participate in the program.

Student Eligibility

The bill provides that any K-8 student in Florida is eligible for enrollment in one of the participating K-8 Virtual Schools if the student meets one of the following conditions:

- The student has spent the prior school year in attendance at a Florida public school.
- The student was enrolled during the prior school year in a K-8 virtual school.
- The student is eligible to enroll in kindergarten or the first grade.
- The student has a sibling who is currently enrolled in a K-8 virtual school and was enrolled at the end of the prior school year.

Students enrolled in a K-8 virtual school are subject to the compulsory school attendance requirements of s. 1003.21, F.S., and must take the statewide assessments required under s.1008.22. Furthermore, the bill requires that the student's school district of residence must provide that student with access to the district's testing facilities.

School Eligibility and Application Procedures

The bill provides that schools eligible to participate in the K-8 Virtual School program include for-profit and nonprofit entities. However, an eligible school must meet all of the following conditions:

- Be nonsectarian in its programs, admission policies, employment practices, and operations.
- Comply with the antidiscrimination provisions of s. 1000.05, F.S.
- Participate in the state's performance accountability system pursuant to s. 1008.31, F.S.
- Locate its administrative office in the state and require all administrative and instructional personnel to be Florida residents.
- Require no tuition or student registration fee.

The bill requires the DOE to provide applicants with an application form in a sufficient time so that schools can apply and be approved by the DOE by the beginning of the 2007-2008 school year. Also, the bill requires the DOE to approve or deny an application within 90 days after the receipt of the application.

In addition to information that the DOE may require, the bill requires applicants to verify that they meet all eligibility criteria, that their school's instructional staff are professional educators certified pursuant to chapter 1012, and that all school employees have undergone the background screening requirement under s. 1012.32, F.S. Furthermore, the bill requires that each applicant provide the DOE with an education plan detailing how their curriculum and course content conforms to the Sunshine State Standards and a detailed annual financial plan for each year of operation for a minimum of 3 years.

Participating Schools and Pilot Schools

The bill provides for an initial 3-year contract between an approved virtual school and the DOE, subject to annual DOE review and legislative appropriation. Also, the bill provides for contract renewals for up to 5 years, subject to annual legislative appropriation.

The bill requires all schools participating in the K-8 Virtual School Program to provide each student with all necessary instructional material, each household with equipment such as a computer, monitor, and printer, and each household with access to or reimbursement for all Internet services necessary for the delivery of on-line instruction.

The bill authorizes the two K-8 Virtual School pilot programs to continue operation for the 2006-2007 school year, subject to the applicable provisions detailed in this bill. Furthermore, the bill requires the two pilot programs to apply to and be approved by the DOE in order to participate in the K-8 Virtual School Program beyond the 2006-2007 school year.

Assessment and Accountability

The bill provides that schools participating in the K-8 Virtual Schools must participate in the statewide assessments and be subject to the school grading system pursuant to s. 1008.34, F.S. Furthermore, a participating school that receives a performance grade of D or F is required to develop and file a school improvement plan with the DOE. In the event that a participating school receives a performance grade category of D or F for 2 school years in a 4-year period, the bill requires the DOE to terminate the contract.

Causes for nonrenewal or termination of contract

The bill grants the DOE authority to choose not to renew a contract or to terminate a current contract with a school participating in the K-8 Virtual School Program for any of the following reasons:

- Failure to participate in the state's performance accountability system.
- Failure to receive a school performance grade of C or better for 2 school years in a 4-year period.
- Failure to meet generally acceptable standards of financial management.
- Violation of law.
- Failure of the Legislature to fund the K-8 Virtual School Program.
- Other good cause shown.

The bill requires students who attended a school that is either not renewed or terminated to apply to and be enrolled in another public school. Also, the bill provides that the virtual school is responsible for all debts of the school in the event that it is either not renewed or terminated.

C. SECTION DIRECTORY:

Section 1. Creates s. 1002.375, F.S., establishing the K-8 Virtual School Program.

Section 2. Provides an effective date.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

The K-8 Virtual School Program is subject to annual legislative appropriation in the General Appropriations Act. Operational expenses for traditional students are funded predominantly through the Florida Education Finance Program (FEFP) which is a combination of state and local funds.

According to the DOE analysis, the DOE would need 4 additional FTE staff positions for the implementation of this program.¹ However, the DOE currently administers and oversees the K-8 Virtual School pilot program within existing resources. Therefore, unless the funds appropriated are significantly increased, any additional costs should be minimal.

The classifications of the 4 positions proposed by the DOE and associated recurring costs are as follows:

¹ Florida Department of Education, Governmental Relations Office, 2006 Legislative Bill Analysis on PCB06-01: K-8 Virtual School Program

Program Specialist II (2)

Base Salary	33,826
Benefits	13,159
Expenses	9,746
OCO	1,900
Human Resource Services	393
	$\$59,024 \times 2 = \$118,048$

Program Specialist IV (1)

Base Salary	42,655
Benefits	14,570
Expenses	9,746
OCO	1,900
Human Resource Services	393
	$\$69,264 \times 2 = \$138,528$

The total recurring costs for additional staff, assuming additional funding made them necessary, would be \$256,576.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

The bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

For traditional students in the FEP, per full time equivalent student funding for operations is \$6,153 in Fiscal Year 2005-06.² Current funding for the K-8 Virtual Schools pilot program is \$4,800 as specified in the 2005-06 General Appropriations Act. The House Proposed General Appropriations Act for 2006-07 (House Bill 5001, Specific Appropriation 106B) contains \$7 million for K-8 Virtual Education with grants of up \$5,200 per student.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a city or county to expend funds or to take any action requiring the expenditure of funds.

The bill does not reduce the authority that municipalities or counties have to raise revenues in the aggregate.

This bill does not reduce the percentage of state tax shared with counties or municipalities.

² Florida Education Finance Program third calculation, dated December 19, 2005.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill gives the State Board of Education rulemaking authority pursuant to ss. 120.536(1) and 120.54, F.S., to adopt rules for the implementation and administration of this program.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1002.375, Florida Statutes, is created to read:

1002.375 K-8 Virtual School Program.--

(1) K-8 VIRTUAL SCHOOL PROGRAM.--Subject to annual legislative appropriation, the Kindergarten through Grade 8 (K-8) Virtual School Program is established within the Department of Education for the purpose of making academic instruction available to full-time students in kindergarten through grade 8 using on-line and distance learning technology. The department must use an application process to select schools to participate in the program and to deliver program instruction.

(2) STUDENT ELIGIBILITY.--

(a) Enrollment in each participating school is open to any K-8 student in the state provided the student meets at least one of the following conditions:

1. The student has spent the prior school year in attendance at a Florida public school. Prior year school attendance means the student was enrolled and reported by a public school district for funding during the preceding October and February Florida Education Finance Program surveys.

HB 7039

2006

2. The student was enrolled during the prior school year in a K-8 virtual school funded pursuant to this section or the 2005-2006 General Appropriations Act.

3. The student is eligible to enroll in kindergarten or the first grade.

4. The student has a sibling who is currently enrolled in a participating K-8 virtual school and was enrolled at the end of the prior school year.

(b) Students enrolled in a participating K-8 virtual school are subject to the compulsory school attendance requirements of s. 1003.21. Student attendance must be verified according to department procedures.

(c) Each student enrolled in a participating K-8 virtual school must take the statewide assessments required under s. 1008.22 within the student's school district of residence, which must provide that student with access to the district's testing facilities.

(3) SCHOOL ELIGIBILITY.--

(a) To be eligible to participate in the K-8 Virtual School Program, a school must meet the following conditions:

1. Be nonsectarian in its programs, admission policies, employment practices, and operations.

2. Comply with the antidiscrimination provisions of s. 1000.05.

3. Participate in the state's performance accountability system created under s. 1008.31.

HB 7039

2006

82 4. Locate its administrative office in the state and
83 require its administrative and instructional staff members to be
84 state residents.

85 5. Require no tuition or student registration fee.

86 (b) Schools applying to participate in the K-8 Virtual
87 School Program may be for-profit or nonprofit entities.

88 (4) APPLICATION PROCEDURES.--

89 (a) The department must provide an application form to be
90 completed by schools seeking to participate in the K-8 Virtual
91 School Program. Initial application forms must be made available
92 in sufficient time to enable schools to apply and be approved to
93 participate in the program by the beginning of the 2007-2008
94 school year. In addition to information that may be required by
95 the department, each applicant must provide verification that:

96 1. The applicant meets the eligibility criteria required
97 by this section.

98 2. All members of the school's instructional staff are
99 professional educators certified according to the provisions of
100 chapter 1012.

101 3. All school employees have undergone background
102 screening as required by s. 1012.32.

103 (b) In addition to a completed application form, each
104 applicant must provide the department with:

105 1. A detailed plan describing how the school curriculum
106 and course content will conform to the Sunshine State Standards.

107 2. An annual financial plan for each year of operation of
108 the school for a minimum of 3 years. The plan must contain
109 anticipated fund balances based on revenue projections, a

HB 7039

2006

110 spending plan based on projected revenues and expenses, and a
 111 description of controls that will safeguard finances and
 112 projected enrollment trends.

113 (c) The department must approve or deny a school's
 114 participation in the K-8 Virtual School Program within 90 days
 115 after the receipt of an application.

116 (5) PARTICIPATING SCHOOLS.--

117 (a) A school approved by the department to participate in
 118 the K-8 Virtual School Program must receive an initial 3-year
 119 contract with the department to provide program services,
 120 subject to annual department review and legislative
 121 appropriation. Contract renewals may be for up to 5 years upon
 122 agreement of both parties, contingent upon annual funding in the
 123 General Appropriations Act.

124 (b) A school approved to participate in the program is
 125 deemed to be an independent virtual school, providing on behalf
 126 of the state a full-time, 180-day, on-line program of
 127 instruction to students in kindergarten through grade 8.

128 (c) A school approved to participate in the program must
 129 provide each student with:

130 1. All necessary instructional materials.

131 2. All equipment, including, but not limited to, a
 132 computer, computer monitor, and printer for each household that
 133 has a student enrolled in the virtual school.

134 3. Access to or reimbursement for all Internet services
 135 necessary for on-line delivery of instruction for each household
 136 that has a student enrolled in the virtual school.

137 (6) PILOT SCHOOLS.--

HB 7039

2006

138 (a) The two pilot K-8 virtual schools for which funding
139 was provided in the 2005-2006 General Appropriations Act are
140 authorized to continue operation for the 2006-2007 school year.

141 (b) With the exception of the application and contracting
142 requirements, the pilot schools are subject to the provisions of
143 this section for the 2006-2007 school year.

144 (c) Each pilot school must complete the application
145 requirements of this section and be approved by the department
146 in order to participate in the K-8 Virtual School Program beyond
147 the 2006-2007 school year.

148 (7) FUNDING.--

149 (a) State funding for each participating K-8 virtual
150 school must be based on total program enrollment and an amount
151 per full-time equivalent student established annually in the
152 General Appropriations Act.

153 (b) Upon proper documentation of student enrollment
154 reviewed and approved by the department, payments must be made
155 to participating K-8 virtual schools in four equal payments no
156 later than September 1, November 1, February 1, and April 15 of
157 each academic year. The initial payment must be made after
158 department verification of student admission acceptance, and
159 subsequent payments must be made upon verification of continued
160 enrollment and attendance.

161 (8) ASSESSMENT AND ACCOUNTABILITY.--

162 (a) Each participating K-8 virtual school must participate
163 in the statewide assessment program created under s. 1008.22 and
164 be subject to the school grading system created under s.
165 1008.34.

HB 7039

2006

(b) A participating K-8 virtual school with a performance grade category of "D" or "F" must file a school improvement plan with the department for consultation to determine the causes for low performance and to develop a plan for correction and improvement.

(c) The department must terminate the contract of any K-8 virtual school receiving a performance grade category of "D" or "F" for 2 school years in a 4-year period.

(9) CAUSES FOR NONRENEWAL OR TERMINATION OF CONTRACT.--

(a) At the end of a contract with a K-8 virtual school, the department may choose not to renew the contract on any of the following grounds:

1. Failure to participate in the state's performance accountability system created under s. 1008.31, as required in this section.

2. Failure to receive a school performance grade category of "C" or better under the school grading system created under s. 1008.34 for 2 school years in a 4-year period.

3. Failure to meet generally accepted standards of fiscal management.

4. Violation of law.

5. Failure of the Legislature to fund the K-8 Virtual School Program.

6. Other good cause shown.

(b) During the term of a contract, the department may terminate the contract on any of the grounds listed in paragraph

(a).

HB 7039

2006

193 (c) If a contract is not renewed or is terminated, the K-8
 194 virtual school is responsible for all debts of the school.

195 (d) If a contract is not renewed or is terminated, a
 196 student who attended the school may apply to and shall be
 197 enrolled in another public school.

198 (10) RULES.--The State Board of Education shall adopt
 199 rules under ss. 120.536(1) and 120.54 as may be necessary to
 200 implement and administer this section.

201 Section 2. This act shall take effect July 1, 2006.

SUMMARY ANALYSIS

The bill requires the Florida High School Athletic Association (FHSA) to hold in abeyance certain newly adopted bylaws governing student athlete residence and transfer. The bill creates a task force to review issues concerning student athlete recruiting and make recommendations that preserve parents' rights to school choice and protect the integrity of Florida's interscholastic athletic programs.

The bill requires the Office of Program Policy Analysis and Government Accountability (OPPAGA) to conduct an independent review of documented recruiting violations by FHSA member schools.

The bill appropriates \$60,000 from the General Revenue Fund to OPPAGA to support the work of the Student Athlete Recruiting Task Force.

The provisions of the bill are effective upon becoming law.

The bill has a minimal fiscal impact. See Fiscal Impact on State Government.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government-- The bill requires the FHSAA to hold in abeyance certain bylaws governing student athlete residence and transfer.

B. EFFECT OF PROPOSED CHANGES:

Present Situation:

Founded in 1920, the FHSAA is a non-profit organization that governs interscholastic athletics among Florida's public and private secondary schools. In 1997, the Florida Legislature enacted section 1006.20, F.S., which sets forth FHSAA's organizational structure and governing authority in statute.

Section 1006.20, F.S. grants FHSAA authority to adopt bylaws governing participation of member schools and individual student athletes unless specifically provided for in statute. Statute specifically requires FHSAA bylaws governing student athlete residence and transfer to allow student athletes to be eligible for participation in athletics in the school the student first enrolls in each year.¹ Statute also requires FHSAA to adopt bylaws that specifically prohibit recruiting of student athletes for athletic purposes.²

In January of 2006, the FHSAA Representative Assembly voted to adopt revisions to sections 11.01, 11.02, 11.2, 11.3, and 11.4 of the FHSAA bylaws governing student athlete residence and transfer. The revised bylaws are intended to curtail recruiting of student athletes by placing certain penalties on student athletes who transfer to another school. The revised bylaws apply to all transfers except a move by the student and all members of the student's household that necessitates a change in schools.³ According to the revised bylaws, student athletes who transfer to another school may not participate in varsity athletics for one calendar year but may participate in junior varsity athletics during this time.⁴ Upon the expiration of one calendar year, the student athlete is deemed to have established residency at the new school and may participate in varsity athletics. The revised bylaws contain several exceptions which, if applicable, allow student athletes to transfer without penalty. The receiving school must first make an application for waiver to the FHSAA on the student's behalf. The FHSAA commissioner reviews the waiver application to determine whether the exception applies and the waiver is justified. Subsequent procedures are available for appealing waiver denials and for undue hardship requests. This rule becomes effective for the 2007-2008 school year.

At its February 7, 2006 meeting, the PreK-12 Committee heard public testimony from proponents and opponents of the new FHSAA residence and transfer bylaws. Opponents of the bylaws testified that the new rules violate the statutory provisions on residence and transfer bylaws contained in s.1006.20(2)(a) and impede parents' rights to school choice. Proponents of the bylaws stated that the rules were necessary to prevent student athletes from "shopping" for better teams and more advantageous opportunities for playing time, as well as curtailing illegal recruiting of student athletes.

⁴ Id.

Effect of Proposed Changes:

The bill requires FHSAA to hold in abeyance sections 11.01, 11.02, 11.2, 11.3, and 11.4 of the FHSAA bylaws until July 1, 2007. The bill creates a balanced task force comprised of home school and public and private secondary school proponents and opponents of the revised bylaws. The task force must make recommendations to the Governor and the Legislature that preserve parents' rights to school choice and protect the integrity of Florida's interscholastic athletic programs. The bill requires OPPAGA to provide administrative support and staff for the task force.

The bill also requires OPPAGA to conduct an independent review of secondary school recruiting violations among FHSAA member schools. The bill requires FHSAA to grant full access to its records for purposes of OPPAGA's review.

C. SECTION DIRECTORY:

Section 1. Creates an unnumbered section of law requiring FHSAA to hold in abeyance certain bylaws; creates a task force.

Section 2. Requires OPPAGA to review recruiting violations.

Section 3. Provides an appropriation.

Section 4. Provides an effective date upon becoming law.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**A. FISCAL IMPACT ON STATE GOVERNMENT:****1. Revenues:**

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

The bill appropriates \$60,000 from the General Revenue Fund to OPPAGA to support the work of the Student Athlete Recruiting Task Force.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**1. Revenues:**

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a fiscal impact on the private sector.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a city or county to expend funds or to take any action requiring the expenditure of funds.

The bill does not reduce the authority that municipalities or counties have to raise revenues in the aggregate.

This bill does not reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On April 4, 2006, the Education Appropriations Committee adopted an amendment deleting the \$50,000 appropriation from the General Revenue Fund to OPPAGA to fund its independent review of secondary school recruiting violations. OPPAGA staff stated that they could do the review within existing resources.

CHAMBER ACTION

The Education Appropriations Committee recommends the following:

Council/Committee Substitute

Remove the entire bill and insert:

A bill to be entitled

An act relating to student athlete recruiting; requiring the Florida High School Athletic Association to hold certain bylaws in abeyance; providing for creation of a task force to review student athlete recruiting issues; providing for task force membership and duties; requiring recommendations to the Governor and the Legislature; requiring the Office of Program Policy Analysis and Government Accountability to conduct a review of recruiting violations by Florida High School Athletic Association member schools; providing an appropriation; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. (1) The Florida High School Athletic Association shall, until July 1, 2007, hold in abeyance the 2006-2007 revisions to sections 11.01, 11.02, 11.2, 11.3, and 11.4, Bylaws of the Florida High School Athletic Association,

HB 7119

2006
CS

24 relating to student athlete residence and transfer, adopted
25 pursuant to s. 1006.20, Florida Statutes.

26 (2) A Student Athlete Recruiting Task Force shall be
27 created to review issues concerning recruiting of secondary
28 school student athletes. The task force shall make
29 recommendations that preserve the parental right to school
30 choice while protecting the integrity of Florida's
31 interscholastic athletic programs. The task force shall
32 consider:

33 (a) The definition of recruiting.

34 (b) Current and proposed procedures governing recruiting
35 of secondary school student athletes.

36 (c) Documented past recruiting practices and violations.
37 Practices to be reviewed shall include, but not be limited to,
38 the provision of tuition scholarships and other inducements,
39 recruitment of foreign athletes, and active solicitation of
40 student athletes and parents by school employees or boosters.

41 (d) The impact of student athlete recruiting rules on
42 parental school choice.

43 (e) The relationship between student athlete transfers and
44 recruiting, including the role of student athlete transfer rules
45 in preventing recruiting.

46 (f) Measures for preventing improper student athlete
47 recruiting and penalties for recruiting violations.

48 (3) The task force shall be comprised of representatives
49 from home school and public and private secondary school
50 proponents and opponents of the 2006-2007 revisions to the

HB 7119

bylaws specified in subsection (1). The task force members shall be appointed as follows:

(a) Three proponents of the bylaws and three opponents of the bylaws each appointed by the President of the Senate.

(b) Three proponents of the bylaws and three opponents of the bylaws each appointed by the Speaker of the House of Representatives.

(c) A task force chair appointed by the Governor.

(4) Task force members shall serve without compensation but shall be reimbursed for per diem and travel expenses in accordance with s. 112.061, Florida Statutes.

(5) The task force shall be staffed by the Office of Program Policy Analysis and Government Accountability and be monitored by the Department of Education. The chair shall convene meetings of the task force as needed and shall ensure that the recommendations are completed and forwarded on time.

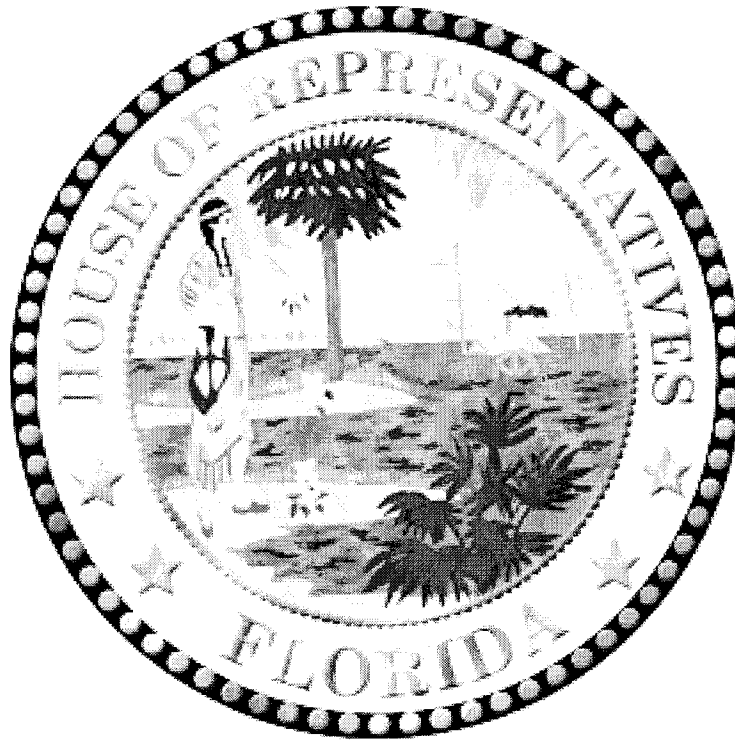

(6) The task force shall hold its initial meeting not later than June 1, 2006, and shall submit its recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2007. The task force shall dissolve upon rendering its recommendations.

Section 2. The Office of Program Policy Analysis and Government Accountability shall conduct an independent review of secondary school recruiting violations among Florida High School Athletic Association member schools and shall have full access to Florida High School Athletic Association records for the purpose of this review.

HB 7119

2006
CS

78 Section 3. The sum of \$60,000 is appropriated from the
79 General Revenue Fund to the Office of Program Policy Analysis
80 and Government Accountability for the 2006-2007 fiscal year to
81 support the work of the Student Athlete Recruiting Task Force.
82 Section 4. This act shall take effect upon becoming a law.

actual enrollment. Such payments shall be combined and invested in a manner that yields, at a minimum, sufficient interest to generate the difference between the prepaid amount and the cost of registration and dormitory residence at the time of actual enrollment. Students who enroll in a state postsecondary institution pursuant to this section shall be charged no fees in excess of the terms delineated in the advance payment contract.

(3) TRANSFER OF BENEFITS TO PRIVATE AND OUT-OF-STATE COLLEGES AND UNIVERSITIES AND TO CAREER CENTERS.--A qualified beneficiary may apply the benefits of an advance payment contract toward:

(a) An independent college or university that is located and chartered in Florida, ~~that is not for profit~~, that is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools or the Accrediting Council for Independent Colleges and Schools, and that confers degrees as defined in s. 1005.02. Any advertisement disseminated by an eligible for-profit independent college or university which references the Stanley G. Tate Florida Prepaid College Program shall clearly state the following: "While the benefits of a Florida Prepaid College contract may be utilized at this institution, the Florida Prepaid College Board does not endorse any particular college or university."

The board shall transfer or cause to be transferred to the institution designated by the qualified beneficiary an amount not to exceed the redemption value of the advance payment contract at a state postsecondary institution. If the cost of registration or housing fees at such institution is less than the corresponding fees at a state postsecondary institution, the

amount transferred may not exceed the actual cost of registration and housing fees. A transfer authorized under this subsection may not exceed the number of semester credit hours or semesters of dormitory residence contracted on behalf of a qualified beneficiary. Notwithstanding any other provision in this section, an institution must be an "eligible educational institution" under s. 529 of the Internal Revenue Code to be eligible for the transfer of advance payment contract benefits.

Section 3. Paragraph (c) of subsection (2) of section 732.402, Florida Statutes, is amended to read:

732.402 Exempt property.--

(2) Exempt property shall consist of:

(c) Stanley G. Tate Florida Prepaid College Program contracts purchased and Florida College Savings agreements established under part IV of chapter 1009.

1006.20 Athletics in public K-12 schools.--

(10) RANDOM DRUG TESTING PROGRAM.--

(a) The organization shall facilitate a 3-year program
during the 2006-2007, 2007-2008, and 2008-2009 academic years in
which students in grades 9 through 12 in its member schools who
participate in postseason competition in interscholastic
athletics governed by the organization shall be subject to
random testing for the use of anabolic steroids as defined in s.
893.03(3)(d). All schools, both public and private, shall
consent to the provisions of this subsection as a prerequisite
for membership in the organization for the duration of the
program.

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. 1 (for drafter's use only)

20 (b) The organization's board of directors shall establish
21 procedures for the conduct of the program that, at a minimum,
22 shall provide for the following:

23 1. The organization shall select and enter into a contract
24 with a testing agency that will administer the testing program.
25 The laboratory utilized by the testing agency to analyze
26 specimens shall be accredited by the World Anti-Doping Agency.

27 2. A minimum of 1 percent of the total students who
28 participate in postseason competition in each interscholastic
29 sport, based on participation numbers reported to the
30 organization during the preceding academic year, shall be
31 randomly selected to undergo a test in each year of the program.

32 3. Each member school shall report to the organization
33 each year the names of students who will represent the school in
34 interscholastic athletics during that year. A student shall not
35 be eligible to participate in interscholastic athletics in a
36 member school until the student's name has been reported to the
37 organization by the school in the year in which such
38 participation is to occur.

39 4. Each year, the organization shall provide to the
40 testing agency all names of students participating in postseason
41 competition that are submitted by its member schools. The
42 testing agency shall make its random selections for testing from
43 these names.

44 5. The testing agency shall notify not fewer than 7 days
45 in advance both the administration of a school and the
46 organization of the date on which its representatives will be
47 present at the school to collect a specimen from a randomly
48 selected student. However, the name of the student from which a
49 specimen is to be collected shall not be disclosed.

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. (for drafter's use only)

50 6. The finding of a drug test shall be separate from a
51 student's educational records and shall be disclosed by the
52 testing agency only to the organization, the student, the
53 student's parent, the administration of the student's school,
54 and the administration of any school to which the student may
55 transfer during a suspension from participation in
56 interscholastic athletics resulting from a positive finding.

57 (c) In each year of the program, each student who wishes
58 to participate in interscholastic athletics and his or her
59 parent must consent to the provisions of this subsection as a
60 prerequisite for athletic eligibility. This consent shall be in
61 writing on a form prescribed by the organization and provided to
62 the student by his or her school. Failure to complete and sign
63 the consent form shall result in the student's ineligibility to
64 participate in all interscholastic athletics. The consent form
65 shall include the following information:

66 1. A brief description of the drug testing program.

67 2. The penalties for a first, second, and third positive
68 finding.

69 3. The procedure for challenging a positive finding.

70 4. The procedure for appealing a prescribed penalty.

71 (d) A student who is selected for testing and fails to
72 provide a specimen shall be immediately suspended from
73 interscholastic athletic practice and competition until such
74 time as a specimen is provided.

75 (e) If a student tests positive in a test administered
76 under this subsection, the administration of the school the
77 student attends shall immediately:

78 1. Suspend the student from participation in all
79 interscholastic athletic practice and competition.

000000

Amendment No.1 (for drafter's use only)

80 2. Notify and schedule a meeting with the student and his
81 or her parent during which the principal or his or her designee
82 shall review with them the positive finding, the procedure for
83 challenging the positive finding, the prescribed penalties, and
84 the procedure for appealing the prescribed penalties.

85 (f) The following penalties are prescribed for positive
86 findings resulting from tests administered under this
87 subsection:

88 1. For a first positive finding, the student shall be
89 suspended from all interscholastic athletic practice and
90 competition for a period of 90 school days and shall be subject
91 to a mandatory exit test for restoration of eligibility no
92 sooner than the 60th school day of the suspension. If the exit
93 test is negative, the organization shall restore the eligibility
94 of the student at the conclusion of the 90-school-day period of
95 suspension. If the exit test is positive, the student shall
96 remain suspended from all interscholastic athletic practice and
97 competition until such time as a subsequent retest of the
98 student results in a negative finding. The student shall be
99 subject to repeated tests for the duration of his or her high
100 school athletic eligibility.

101 2. For a second positive finding, the student shall be
102 suspended from all interscholastic athletic practice and
103 competition for a period of 1 calendar year and shall be subject
104 to a mandatory exit test for restoration of eligibility no
105 sooner than the 11th month of the suspension. If the exit test
106 is negative, the organization shall restore the eligibility of
107 the student at the conclusion of the 1-calendar-year period of
108 suspension. If the exit test is positive, the student shall
109 remain suspended from all interscholastic athletic practice and

110 competition until such time as a subsequent retest of the
111 student results in a negative finding. The student shall be
112 subject to repeated tests for the duration of his or her high
113 school athletic eligibility.

114 3. For a third positive finding, the student shall be
115 permanently suspended from all interscholastic athletic practice
116 and competition.

117 (g) In addition to the penalties prescribed in paragraph
118 (f), a student who tests positive in a test administered under
119 this subsection shall attend and complete an appropriate
120 mandatory drug education program conducted by the student's
121 school, the student's school district, or a third-party
122 organization contracted by the school or school district to
123 conduct such an education program.

124 (h) The following due process shall be afforded each
125 student who tests positive in a test administered under this
126 subsection:

127 1. The member school may challenge a positive finding and
128 must challenge a positive finding at the request of the student.
129 A sample of the original specimen provided by the student and
130 retained by the testing agency shall be analyzed. The member
131 school or the student's parent shall pay the cost of the
132 analysis. If the analysis results in a positive finding, the
133 student shall remain ineligible until the prescribed penalty is
134 fulfilled. If the analysis results in a negative finding, the
135 organization shall immediately restore the eligibility of the
136 student and shall refund to the member school or student's
137 parent the cost of the analysis. The student shall remain
138 suspended from interscholastic athletic practice and competition
139 during the challenge.

Amendment No. (for drafter's use only)

140 2.a. A member school may appeal to the organization's
141 commissioner the period of ineligibility imposed on a student as
142 a result of a positive finding and must appeal at the request of
143 the student. The commissioner may require the student to
144 complete the prescribed penalty, reduce the prescribed penalty
145 by one-half, or provide complete relief from the prescribed
146 penalty. Regardless of the decision of the commissioner, the
147 student shall remain ineligible until the student tests negative
148 on the mandatory exit test and the student's eligibility is
149 restored by the organization.

150 b. Should the school or student be dissatisfied with the
151 decision of the commissioner, the school may pursue the appeal
152 before the organization's board of directors and must do so at
153 the request of the student. The board of directors may require
154 the student to complete the prescribed penalty, reduce the
155 prescribed penalty by one-half, or provide complete relief from
156 the prescribed penalty. Regardless of the decision of the board
157 of directors, the student shall remain ineligible until the
158 student tests negative on the mandatory exit test and the
159 student's eligibility is restored by the organization. The
160 decision of the board of directors on each appeal shall be
161 final.

162 c. Technical experts may serve as consultants to both the
163 organization's commissioner and its board of directors in
164 connection with such appeals.

165 (i) No later than October 1 following each year of the
166 program, the organization shall submit to the President of the
167 Senate and the Speaker of the House of Representatives a report
168 on the results of the program for that year, as well as the
169 aggregate results of the program to date. The report shall

171 of first, second, and third violations; the number of challenges
172 and their results; the number of appeals and their dispositions;
173 and the costs incurred by the organization in the administration
174 of the program, including attorney's fees and other expenses of
175 litigation.

176 (j) The organization, members of its board of directors,
177 and its employees and member schools and their employees are
178 exempt from civil liability arising from any act or omission in
179 connection with the program conducted under this subsection. The
180 Department of Legal Affairs shall defend the organization,
181 members of its board of directors, and its employees and member
182 schools and their employees in any action against such parties
183 arising from any such act or omission. In providing such
184 defense, the Department of Legal Affairs may employ or utilize
185 the legal services of outside counsel.

186 (k) All expenses of the program shall be paid with funds
187 appropriated by the Legislature. Such expenses shall include,
188 but not be limited to, all fees and expenses charged by the
189 testing agency for administrative services, specimen collection
190 services, and specimen analysis; all administrative expenses
191 incurred by the organization in the facilitation of the program;
192 and all attorney's fees and other expenses of litigation
193 resulting from legal challenges related to the program.

194 (l) The provisions of this subsection shall expire on June
195 30, 2009, or at such earlier date as appropriated funds are
196 exhausted.

197 Section 5. There shall be appropriated from the General
198 Revenue Fund to the Florida High School Athletic Association the

**Substitute Amendment for Amendment 1 by Representative
Llorente (with title amendment)**

Between lines 81 and 82 insert a new Section 4 and renumber
subsequent sections.

Section 4. Subsection (10) is added to section 1006.20,
Florida Statutes, to read:

1006.20 Athletics in public K-12 schools.--

(10) RANDOM DRUG TESTING PROGRAM.--

(a) Contingent upon funding, and to the degree funded, the
organization shall facilitate a 1-year program during the 2006-
2007 academic year in which students in grades 9 through 12 in
its member schools who participate in postseason competition in
football, baseball, and weightlifting governed by the
organization shall be subject to random testing for the use of
anabolic steroids as defined in s. 893.03(3)(d). All schools,
both public and private, shall consent to the provisions of this

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. SA 1

subsection as a prerequisite for membership in the organization
for the duration of the program.

(b) The organization's board of directors shall establish
procedures for the conduct of the program that, at a minimum,
shall provide for the following:

1. The organization shall select and enter into a contract
with a testing agency that will administer the testing program.
The laboratory utilized by the testing agency to analyze
specimens shall be accredited by the World Anti-Doping Agency.

2. A maximum of 1 percent of the total students who
participate in postseason competition in football, baseball and
weightlifting shall be randomly selected to undergo a test.

3. Each member school shall report to the organization the
names of students who will represent the school in football,
baseball and weightlifting. A student shall not be eligible to
participate in interscholastic athletics in any of these sports
in a member school until the student's name has been reported to
the organization by the school in the year in which such
participation is to occur.

4. The organization shall provide to the testing agency
all names of students that are submitted by its member schools.
The testing agency shall make its random selections for testing
from these names.

5. The testing agency shall notify not fewer than 7 days
in advance both the administration of a school and the
organization of the date on which its representatives will be
present at the school to collect a specimen from a randomly
selected student. However, the name of the student from which a
specimen is to be collected shall not be disclosed.

6. The finding of a drug test shall be separate from a
student's educational records and shall be disclosed by the

53 testing agency only to the organization, the student, the
54 student's parent, the administration of the student's school,
55 and the administration of any school to which the student may
56 transfer during a suspension from participation in
57 interscholastic athletics resulting from a positive finding.

58 (c) Each student who wishes to participate in football,
59 baseball, or weightlifting and his or her parent must consent to
60 the provisions of this subsection as a prerequisite for athletic
61 eligibility. This consent shall be in writing on a form
62 prescribed by the organization and provided to the student by
63 his or her school. Failure to complete and sign the consent form
64 shall result in the student's ineligibility to participate in
65 all interscholastic athletics. The consent form shall include
66 the following information:

67 1. A brief description of the drug testing program.

68 2. The penalties for a first, second, and third positive
69 finding.

70 3. The procedure for challenging a positive finding.

71 4. The procedure for appealing a prescribed penalty.

72 (d) A student who is selected for testing and fails to
73 provide a specimen shall be immediately suspended from
74 interscholastic athletic practice and competition until such
75 time as a specimen is provided.

76 (e) If a student tests positive in a test administered
77 under this subsection, the administration of the school the
78 student attends shall immediately:

79 1. Suspend the student from participation in all
80 interscholastic athletic practice and competition.

81 2. Notify and schedule a meeting with the student and his
82 or her parent during which the principal or his or her designee
83 shall review with them the positive finding, the procedure for

Amendment No. SA 1

84 challenging the positive finding, the prescribed penalties, and
85 the procedure for appealing the prescribed penalties.

86 (f) For a positive finding, the student shall be suspended
87 from all interscholastic athletic practice and competition for a
88 period of 90 school days and shall be subject to a mandatory
89 exit test for restoration of eligibility no sooner than the 60th
90 school day of the suspension. If the exit test is negative, the
91 organization shall restore the eligibility of the student at the
92 conclusion of the 90-school-day period of suspension. If the
93 exit test is positive, the student shall remain suspended from
94 all interscholastic athletic practice and competition until such
95 time as a subsequent retest of the student results in a negative
96 finding. The student shall be subject to repeated tests for the
97 duration of his or her high school athletic eligibility.

98 (g) In addition to the penalties prescribed in paragraph
99 (f), a student who tests positive in a test administered under
100 this subsection shall attend and complete an appropriate
101 mandatory drug education program conducted by the student's
102 school, the student's school district, or a third-party
103 organization contracted by the school or school district to
104 conduct such an education program.

105 (h) The following due process shall be afforded each
106 student who tests positive in a test administered under this
107 subsection:

108 1. The member school may challenge a positive finding and
109 must challenge a positive finding at the request of the student.
110 A sample of the original specimen provided by the student and
111 retained by the testing agency shall be analyzed. The member
112 school or the student's parent shall pay the cost of the
113 analysis. If the analysis results in a positive finding, the
114 student shall remain ineligible until the prescribed penalty is

fulfilled. If the analysis results in a negative finding, the organization shall immediately restore the eligibility of the student and shall refund to the member school or student's parent the cost of the analysis. The student shall remain suspended from interscholastic athletic practice and competition during the challenge.

2.a. A member school may appeal to the organization's commissioner the period of ineligibility imposed on a student as a result of a positive finding and must appeal at the request of the student. The commissioner may require the student to complete the prescribed penalty, reduce the prescribed penalty by one-half, or provide complete relief from the prescribed penalty. Regardless of the decision of the commissioner, the student shall remain ineligible until the student tests negative on the mandatory exit test and the student's eligibility is restored by the organization.

b. Should the school or student be dissatisfied with the decision of the commissioner, the school may pursue the appeal before the organization's board of directors and must do so at the request of the student. The board of directors may require the student to complete the prescribed penalty, reduce the prescribed penalty by one-half, or provide complete relief from the prescribed penalty. Regardless of the decision of the board of directors, the student shall remain ineligible until the student tests negative on the mandatory exit test and the student's eligibility is restored by the organization. The decision of the board of directors on each appeal shall be final.

c. Technical experts may serve as consultants to both the organization's commissioner and its board of directors in connection with such appeals.

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. SA 1

146 (i) No later than October 1, 2007, the organization shall
147 submit to the President of the Senate and the Speaker of the
148 House of Representatives a report on the results of the program.
149 The report shall include statistics on the number of students
150 tested; the number of violations; the number of challenges and
151 their results; the number of appeals and their dispositions; and
152 the costs incurred by the organization in the administration of
153 the program, including attorney's fees and other expenses of
154 litigation.

155 (j) The organization, members of its board of directors,
156 and its employees and member schools and their employees are
157 exempt from civil liability arising from any act or omission in
158 connection with the program conducted under this subsection. The
159 Department of Legal Affairs shall defend the organization,
160 members of its board of directors, and its employees and member
161 schools and their employees in any action against such parties
162 arising from any such act or omission. In providing such
163 defense, the Department of Legal Affairs may employ or utilize
164 the legal services of outside counsel.

165 (k) The program shall be conducted to the extent funded by
166 the Legislature. In order to conduct the program within
167 appropriated funds, the organization is authorized to implement
168 the program in only one or two of the named sports. All
169 expenses of the program shall be paid with funds appropriated by
170 the Legislature. Such expenses shall include, but not be limited
171 to, all fees and expenses charged by the testing agency for
172 administrative services, specimen collection services, and
173 specimen analysis; all administrative expenses incurred by the
174 organization in the facilitation of the program; and all
175 attorney's fees and other expenses of litigation resulting from
176 legal challenges related to the program.

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. SA 1

(1) The provisions of this subsection shall expire on June 30, 2007, or at such earlier date as appropriated funds are exhausted.
